August 2016

*Photos, interviews, and videotaping of students take place throughout the school year for use on the District website, internal and external television productions, District publications/productions, press releases to the media, etc. We also encourage the media to publicize our students' accomplishments. If you do not give permission to have your child involved in these publicity efforts or do not want him/her to be photographed, you **must** notify the District public relations office in writing regarding any limitations or restrictions at Public Relations Office, Penn Hills School District, 260 Aster Street, Pittsburgh, PA 15235.*

It is an exciting time in the Penn Hills School District as we continue to implement many positive changes. Our C.H.I.E.F.S. Cyber Academy includes a teaching staff that has exceptional expertise with regard to best practices in online learning. Graduates are awarded a Penn Hills High School diploma, unlike the general diploma issued by outside cyber charter schools. The Academy also has an NCAA-approved curriculum which allows student athletes to maintain their sports eligibility. Our recently reconfigured Cyber Academy, serving K-12, now has drop-in centers in all three of our brick-and-mortar buildings for those students who need face-to-face interaction with their instructors. There are also field trip opportunities that reinforce relationships among the students. Our cyber model includes hybrid options, whereby students may combine traditional brick-and-mortar studies with online learning options to meet dual-enrollment or work obligations. In addition, students in 9-12 are eligible to combine cyber classes with on-site classes at Forbes Road Career and Technology Center.

We continue to offer a very strong Advanced Placement (AP) program that includes 13 different AP course options. AP courses are ideal for our many motivated high school students seeking to earn college credits while still enrolled in high school. As a parent of three Penn Hills graduates, I can confirm the financial benefit of having students enter college with introductory courses already completed. Our extensive AP programming is further enhanced by our recent acceptance into a program sponsored by the National Math and Science Institute (NMSI), along with the Bill and Melinda Gates Foundation and Dell family. Financial assistance with AP exam fees and even incentives for students who apply themselves in our AP courses will be added in 2016-2017, along with extensive teacher training. It is very likely that our NMSI partnership will also result in additional AP courses being added in future years.

While Penn Hills School District has admittedly faced many recent well-publicized challenges, we are more motivated than ever! Our sports programs remain fully intact, along with extended opportunities in the Arts, including our renowned musical theatre productions. We welcome our established students and their families back for a new school year. For those not currently enrolled, we hope you will consider becoming part of the new and improved Penn Hills School District!

Dr. Nancy J. Hines, Penn Hills Superintendent

August 2016

- 18 Thursday—Professional Day, No Students
- 19 Friday—Clerical Day, No Students
- 22 Monday—Professional Day, No Students
- 23 Tuesday—Professional Day, No Students
