**To the Management and Board of Education  
Penn Hills School District**

## **Independent Auditor's Report**

### **Report on Financial Statements**

I have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Penn Hills School District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Penn Hills School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Penn Hills School District's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

## **Opinions**

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Penn Hills School District as of June 30, 2021 and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 17 to the financial statements, the District adopted new accounting guidance GASB Statement No. 84, *"Fiduciary Activities"*. My opinions are not modified with respect to this matter.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages iv-xiv and other required supplementary information on pages 55-62, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Penn Hills School District's basic financial statements. The accompanying supplementary information (Schedules 1 and 2) is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying supplementary information (schedule of expenditures of federal awards) is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

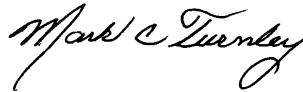

## **Other Matters (Continued)**

### ***Other Information (Continued)***

The supplementary information (Schedules 1 and 2, and the schedule of expenditures of federal awards), is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information (Schedules 1 and 2 and the schedule of expenditures of federal awards), is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, I have also issued my report dated March 17, 2022, on my consideration of Penn Hills School District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Penn Hills School District's internal control over financial reporting and compliance.

**PENN HILLS SCHOOL DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
REQUIRED SUPPLEMENTARY INFORMATION (RSI)  
FISCAL YEAR ENDING JUNE 30, 2021**

**INTRODUCTION**

The discussion and analysis of the Penn Hills School District's financial performance provides an overall review of the district's financial activities for the fiscal year ended June 30, 2021. This discussion and analysis present the district's financial performance as a whole. The financial statements and the notes to the financial statements provide a more detailed look at the finances for the 2020-2021 school year.

The Management Discussion and Analysis (MD&A) is a requirement of the Comprehensive Annual Financial Report (CAFR) conforming to the model adopted by the Governmental Accounting Standards Board (GASB) in Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. GASB 34 requires a comparison of certain information between the current year and the prior year.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for the 2020-2021 fiscal year are as follows:

- The District's total governmental and business-type activities liabilities and deferred inflows of resources exceeded total assets and deferred outflows of resources as of June 30, 2021 by \$135,776,092 (net position – deficit). This was an increase of \$11,198,228 over June 30, 2020. The majority of the District's deficit net position is the result of the District's requirement to recognize a liability for their post-employment healthcare plan, to recognize a liability for their proportionate share of the Pennsylvania School Employees Retirement System (PSERS) overall net healthcare obligation, and to recognize their proportionate share of the PSERS overall net pension obligation. For the Penn Hills School District, these combined liabilities stand at \$107,099,020 as of June 30, 2021.
- The School District had \$89,356,878 in revenues for the General Fund (excluding fixed asset sale proceeds) which represents a decrease of \$361,105 from the prior fiscal year.
- The School District had \$82,101,339 in expenditures for the General Fund which represents a decrease of \$156,818 from the prior fiscal year.
- At the end of the current fiscal year, the fund balance of the General Fund was \$7,457,824 of which \$486,179 is non-spendable for prepaid expenditures applicable to the 2021-2022 fiscal year. This represents an increase of \$7,703,573 from the prior fiscal year.

**USING THE ANNUAL FINANCIAL REPORT (GASB 34)**

The Annual Financial Report consists of this Management Discussion and Analysis and a series of financial statements and notes to those statements. The statements are organized so that the reader can understand Penn Hills School District as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

Figure A-1 shows how the required parts of the Financial Section are arranged and relate to one another:

**OVERVIEW OF FINANCIAL STATEMENTS**

**Government-wide Statements**

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how they have changed. Net position, the difference between the District's assets and liabilities, are one way to measure the District's financial health or position.

Over time, increases or decreases in the District's net position are an indication of whether its financial health is improving or deteriorating, respectively.

To assess the overall health of the District, the reader needs to consider additional non-financial factors, such as changes in the District's property tax base and the performance of the students.

The government-wide financial statements of the District are divided into two categories:

- **Governmental activities** – All of the District's basic services are included here, such as instruction, student support, administration and community services. Property taxes, state and federal subsidies, and grants finance most of these activities.
- **Business type activities** –The District operates a food service operation and charges fees to students, staff and visitors to help it cover the costs of the food service operation.

**Fund Financial Statements**

The District's fund financial statements, which begin on Page 3, provide detailed information about the most significant funds – not the District as a whole. Some funds are required to be reported separately by state law and by bond requirements.

**Governmental funds** – Most of the District's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Proprietary funds** – These funds are used to account for the District activities that are similar to business operations in the private sector; or where the reporting is on determining net income, financial position, changes in financial position, and a significant portion of funding through user charges. When the District charges customers for services it provides – whether to outside customers or to other units in the District – these services are generally reported in proprietary funds. The Food Service Fund is the District's proprietary fund and is the same as the business-type activities we report in the government-wide statements, but provide more detail and additional information, such as cash flows.

**Fiduciary funds** - The District is the trustee, or fiduciary, for student activity funds. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position on Page 11. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations.

The change in current assets is directly related to the financial activity of the General Fund which reflected excess revenues over expenditures of \$7,703,573. The change in deferred outflows of resources and deferred inflows of resources is the result of the updated actuarial valuations received from PSERS, and the District's independent Actuary, as required under GASB Statements No. 68 and No.75 that requires the District to recognize their net pension obligation, and net OPEB obligations. Capital assets and the related net investment in capital assets decreased as a result of depreciation expense exceeding capital outlays for the 2020-2021 fiscal year.

The results of this year's operations as a whole are reported in the Statement of Activities on Page 2. All expenses are reported in the first column. Specific charges, grants, revenues and subsidies that directly relate to specific expense categories are represented to determine the final amount of the District's activities that are supported by other general revenues. The two largest general revenues are the Basic Education Subsidy provided by the State of Pennsylvania, and the local taxes assessed to community taxpayers.

Table A-3 shows the District's eight largest functions - instructional programs, instructional student support, administrative, operation and maintenance of plant, pupil transportation, student activities, community services, long-term debt, as well as each program's net cost (total cost less revenues generated by the activities) for the past two fiscal years. This table also shows the net costs offset by the other unrestricted grants, subsidies and contributions to show the remaining financial needs supported by local taxes and other miscellaneous revenues.

MANAGEMENT DISCUSSION AND ANALYSIS  
REQUIRED SUPPLEMENTARY INFORMATION (RSI)  
FISCAL YEAR ENDING JUNE 30, 2021**

**FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (Continued)**

Operating expenses of the Food Service program decreased by \$530,802 (20.2%) from the previous fiscal year while operating revenues decreased by \$285,453 (82.7%). Federal and state subsidies related to the food service program increased by \$30,353 (1.5%) for the current fiscal year.

**THE DISTRICT FUNDS**

At June 30, 2021, the District's governmental funds reported a combined fund balance of \$7,465,786 compared to a deficit balance of \$211,336 for the year ended June 30, 2020. The main reason for the increase in fund balance was related to the overall general operations of the General Fund where revenues exceeded expenditures by \$7,703,573. The District's debt service fund maintained a fund balance of \$7,962 as of June 30, 2021. The following is additional information concerning revenues, expenses and fund balance.

**REVENUES**

The revenues received into the General Fund during 2020-2021 came from three major sources (not including other financing sources): local, state, and federal revenues. Of total revenues, local revenues account for 57.2%, state revenues are 37.9% and federal revenues only 4.4%. The sale of fixed assets made up 0.5% of total revenues.

Local revenues can be grouped in two major categories, tax revenues and non-tax revenues. Local real estate tax accounted for 82% of total tax revenues and 80% of total local revenues in 2020-2021. Other forms of tax revenue include earned income tax, local service tax, business privilege tax, mercantile tax, real estate transfer tax and delinquent tax collections. Tax revenue increased in the 2020-2021 fiscal year by approximately \$1,854,858. The increase was most notable in current year real estate tax collections, which increased by \$1,845,971. Non-tax revenues, including federal monies received through the intermediate unit, athletic admissions and fees, interest earnings, tuition from other PA school districts and other miscellaneous revenues accounted for 2.1% of total local revenues.

Basic education subsidy and retirement subsidy are the two largest sources of state revenue with basic education subsidy providing 49.7% of the total and retirement subsidy providing 14.9% of the total. State subsidies decreased overall by \$1,808,984.

Federal revenues accounted for just 4.4% of the total revenues and decreased from 2019-2020 by \$82,052.

The 2020-2021 General Fund revenues decreased by \$1,168,071 from the past fiscal year as follows:

**GENERAL FUND BUDGET**

During the fiscal year, the Board of School Directors (The Board) authorizes revisions to the original budget (transfers) to accommodate differences from the original budget to the actual expenditures of the District. A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided on Page 7 of the financial statements.

The District applies for federal, state, and local grants and these grants cannot always be anticipated exactly during the budget development process.

MANAGEMENT DISCUSSION AND ANALYSIS  
REQUIRED SUPPLEMENTARY INFORMATION (RSI)  
FISCAL YEAR ENDING JUNE 30, 2021**

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**CAPITAL ASSETS**

At June 30, 2021, the District had \$136,368,093 invested in a broad range of capital assets, including land, buildings and furniture and equipment, net of depreciation. This amount represents a net decrease (including additions, deletions and depreciation) of \$3,668,100 from 2019-2020 which is mainly the result of depreciation expense exceeding capital outlays for the 2020-2021 fiscal year.

**DEBT ADMINISTRATION**

As of July 1, 2020, the District had total outstanding bond, note, and lease principal of \$163,025,703 on its General Obligation Bond and Note Issues and Lease Purchase Obligations. The District made payments against principal during the 2020-2021 fiscal year of \$2,576,504. At June 30, 2021 the District had outstanding debt of \$160,449,199.

Other long-term obligations include accrued vacation pay and sick leave for specific employees of the District, as well as retiree health insurance, and net pension obligations. More detailed information about our long-term liabilities is included in Notes 10, 11, and 12 to the financial statements.

**MAJOR FINANCIAL ISSUES**

The Penn Hills School District continues to face a financial burden above and beyond what most districts are experiencing due to the construction of two mega-sized schools that were completed in 2012 and 2014. A Chief Recovery Officer was assigned by the PA Department of Education after the District was placed in Financial Recovery status January 2019. The Chief Recovery Officer is assisting Penn Hills School District Board and Administration with further development of local reform efforts already put into place. This combined effort has helped yield the strongest financial finish for Penn Hills School District in fiscal year 2019-2020 as more evidence of ongoing gains in financial management and overall district stability.

Reform efforts are being further supported by an Amended Financial Recovery Plan that was adopted June 2020 at the local level and at the state level in Harrisburg July 2020. The Financial Recovery Plan includes and commits the District to specific strategies aimed at eliminating our negative fund balance. Some related activities that are already underway include the facilitation of audits by members of the Pennsylvania Association of School Business Officials (PASBO) who are evaluating local practices against best practice models. These audits are likely to serve as a catalyst for modified department-level practices and more cost-effective outcomes. The District has also recently closed on a bond-restructuring transaction that has helped the District take advantage of historically low market rates and helped reduce future debt-service payments.

The pandemic has unexpectedly accelerated the District's efforts to stabilize its fund balance. Savings from operational expenses during the height of the pandemic and a windfall of COVID relief funds have vaulted the District out of its negative fund balance deficit. These unforeseen circumstances complemented the District's efforts to balance the underlying financial structure. While not eliminating the imbalance as yet, the District, in concert with the Second Amendment initiatives, have implemented a revised Fund Balance policy that requires a three-year analysis on projected expenses and revenues to protect the current 5% surplus necessary for consideration of exiting recovery status.

**MAJOR FINANCIAL ISSUES (Continued)**

It is anticipated that the above-mentioned revenue windfall will buy time for new developments that may address the underlying imbalanced financial structure, such as, charter school reform, local marketing educational strategies to recapture charter school students, and other operational efficiency changes, to name a few.

**CONTACTING THE DISTRICT FINANCIAL MANAGEMENT**

The financial report is designed to provide our citizens, taxpayers, parents, students, investors, and creditors with a general overview of the District's finances and to show the School District's accountability for the money it receives. If you have questions about this report, or wish to request additional financial information, please contact Eileen Navish, Business Manager at (412) 793-7000 ext. 1231 or by mail at Penn Hills School District, Administrative Office, 260 Aster Street, Pittsburgh, PA 15235.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**JUNE 30, 2021**

**Total Fund Balances - Governmental Funds** **\$ 7,465,786**

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources, and therefore, are not reported as assets in governmental funds. The cost of assets is \$180,675,109, and the accumulated depreciation is \$44,487,030. 136,188,080

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.

|                                                    |              |

**FOR THE YEAR ENDED JUNE 30, 2021**

**TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS** **\$ 7,677,122**

Amounts reported for governmental activities in the statement of activities are different because:

|                                                                                                                                                                                                                                                                                                                                                                                             |             |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense (\$3,879,504) exceeds net capital outlays (\$6,495) in the period.                                                           | (3,873,009) |
| Governmental funds report district pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.                                                                                                                                                                        | 3,490,648   |
| Proceeds from the disposition of fixed assets are recognized as revenue in the governmental funds, however these proceeds are netted against the remaining book value of these fixed assets in the statement of activities to recognize a gain or <loss> on the disposition of these assets.                                                                                                | (123,916)   |
| Repayment of bond, note, and lease purchase obligation principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.                                                                                                                                                                                               | 2,576,504   |
| Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. | 16,280      |
| Bond and note discount costs are reported in governmental funds as expenditures. However, in the statement of activities, these costs are capitalized and amortized over the life of the note as interest expense.                                                                                                                                                                          | (274,526)   |
| Bond and note premiums are reported in governmental funds as revenues. However, in the statement of activities, these premiums are capitalized and amortized over the life of the bond and note issues as credit to interest expense.                                                                                                                                                       | 836,745     |
| Deferred interest on bond refundings is recognized in the government-wide financial statements when bonds are refunded and amortized over the life of the bond issue as interest expense.                                                                                                                                                                                                   | (74,100)    |
| In the statement of activities, certain operating expenses - compensated absences, retiree incentives, and health benefits - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid). This year, the amount of these benefits paid exceeded the amount earned.   | 875,035     |

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**REPORTING ENTITY**

The Penn Hills School District was established under the authority of an act of the state legislature that designated a school board as the governing body. This district serves the Municipality of Penn Hills. The School District operates under a locally-elected nine-member Board form of government and provides educational services as mandated by the Commonwealth of Pennsylvania and selected federal agencies. The Board of Education has complete authority over the operations and administration of the school district's activities.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure the financial statements are not misleading. The primary government of the Penn Hills School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. Generally accepted accounting principles defines component units as legally separate entities that are included in the School District's reporting entity because of the significance of their operating or financial relationships with the School District. Based on the application of these criteria, the Penn Hills School District has no component units.

The School District is associated with two jointly governed organizations (Note 13) and one public entity risk pool (Note 14). These organizations are:

- Jointly Governed Organizations:
  - Forbes Road Career & Technology Center
  - Allegheny Intermediate Unit
- Public Entity Risk Pool:
  - Allegheny County Schools Health Insurance Consortium

The financial statements of the Penn Hills School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

**FINANCIAL STATEMENT PRESENTATION**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS** – The statement of net position (Exhibit A) and the statement of activities (Exhibit B) display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the School District that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. That is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliations (Exhibit D and F) with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FINANCIAL STATEMENT PRESENTATION (Continued)**

The government-wide statement of activities (Exhibit B) presents a comparison between direct expenses and program revenues for the District's business-type activities (food service operations) and for each function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants, subsidies and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the School District. The comparison of direct expenses with program revenues identifies the extent to which the business-type activity or government function is self-financing or draws from the general revenues of the School District.

**FUND FINANCIAL STATEMENTS** – Fund financial statements report detailed information about the School District. Under GASB Statement No. 34, the focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Major funds represent the District's most important funds and are determined based on percentages of assets, liabilities, revenues, and expenditures/expenses. For the Penn Hills School District, the General Fund is always considered a major fund. Each major fund is presented in a separate column. Non-major funds, if any, would be segregated and presented in a single column. Fiduciary funds are reported by fund type.

**BASIS OF ACCOUNTING AND MEASUREMENT FOCUS**

The basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Government funds use the modified accrual basis of accounting. Proprietary and fiduciary funds use the accrual basis of accounting.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses, and changes in fund net position presents increases (revenues) and decreases (expenses) in total net position. The statement of cash flows provides information about how the School District finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds are reported using the economic resources measurement focus.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year-end.

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BASIS OF ACCOUNTING AND MEASUREMENT FOCUS (Continued)**

Revenue resulting from non-exchange transactions, in which the School District receives value without directly giving equal value in return, includes property taxes, grants and contributions. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants and contributions are recognized in the fiscal year in which all eligibility requirements have been satisfied. On a modified accrual basis, revenue from non-exchange transactions must also be 'available' before it can be recognized.

The management of the Penn Hills School District has determined that the revenues most susceptible to accrual (measurable and available) at June 30, 2021 under the modified accrual basis are **1)** certain Act 511 taxes for the month of June, **2)** federal and state subsidies earned in the fiscal year 2020-2021, and **3)** other miscellaneous revenues earned in fiscal year 2020-2021 but received subsequent to June 30, 2021.

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. The primary expenditures deemed susceptible to accrual at June 30, 2021 are those for which the Board of Education's intention was to expense these items as budgeted for the 2020-2021 official budget, and for which the District has incurred an obligation, but has not paid as of June 30, 2021.

Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds but are included as part of expenses in the government-wide statement of activities. Unused donated commodities are reported as unearned revenue.

**FUND ACCOUNTING**

The School District uses funds to report on its financial position and the results of its operations during the year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school district functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary and fiduciary. Fund categories are defined as follows:

**Governmental Funds** – Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the School District's major and non-major governmental funds:

**MAJOR GOVERNMENTAL FUND:**

**GENERAL FUND** - The general fund is used to account for all financial resources not required to be accounted for in some other fund. The general fund balance is available for any purpose provided it is expended according to the Commonwealth of Pennsylvania Public School Code.

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND ACCOUNTING (Continued)**

**NON-MAJOR GOVERNMENTAL FUND:**

**DEBT SERVICE FUND** - The debt service fund is used to **1)** account for the remaining proceeds of certain prior year bond issues which will be used to reduce subsequent interest payments due on District long-term debt obligations, and **2)** account for the receipt and payment of bond and note issues used to refund prior year debt obligations.

**Proprietary Funds** - used to account for activities similar to those found in the private sector, where the determination of net income is necessary and useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies within the school district (internal service funds). The School District's major and sole enterprise fund is its Food Service Fund that accounts for the financial transactions related to the food service operations of the District.

**Fiduciary Funds** – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Custodial funds report fiduciary activities that are not held in a Trust or equivalent arrangement that meets specific criteria. The District's Custodial Fund is comprised of the various student organization activity accounts administered by the District on behalf of the various student organizations.

**BUDGETS**

On June 29, 2020, the Penn Hills School District adopted its fiscal year June 30, 2021 annual budget for the General Fund totaling \$87,219,863 in accordance with the provisions of the Pennsylvania School Code. The budget is prepared utilizing the modified accrual method of accounting. The original and adjusted budgetary amounts are reflected in these financial statements (Exhibit G). All annual appropriations of the general fund lapse at fiscal year-end.

The School District uses the following procedures in establishing this budgetary data:

- a. Prior to May of the preceding fiscal year, the school district prepares a budget for the next succeeding fiscal year beginning July 1. The operating budget includes proposed expenditures and the revenues and other sources of funds used to finance these expenditures.
- b. At least 20 days prior to the date set for budget adoption, the budget is made available for public inspection.
- c. A meeting of the Board of Education is then held for the purpose of adopting the proposed budget. The meeting may only be held after 10 days of public notification.
- d. Prior to July 1, the budget is legally enacted through passage of a resolution by the Board of Education.
- e. The budget must be filed with the Commonwealth of Pennsylvania, Department of Education by July 15 of the fiscal year or within 30 days of adoption.
- f. Budgetary transfers are permitted after the first 90 days of the school district's fiscal year.

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**CASH AND CASH EQUIVALENTS**

For the purpose of these basic financial statements, cash and cash equivalents include amounts in demand deposit accounts, and any other highly liquid, short-term investments, with original maturity terms of less than three months.

**INVESTMENTS**

Under Section 440.1 of the Pennsylvania Public School Code of 1949, as amended, and PA Act 10 of 2016, Penn Hills School District is permitted to invest funds consistent with sound business practices in the following types of investments:

- I. Obligations of (a) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (b) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth of Pennsylvania, or (c) of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.
- II. Deposits in savings accounts, time deposits and share accounts of institutions insured by the Federal Deposit Insurance Corporation (FDIC) to the extent that such accounts are so insured and, for any amounts above the insured maximum, provided that approved collateral, as provided by law, is pledged by the depository.
- III. U.S. government obligations, short-term commercial paper issued by a public corporation, and banker's acceptances.

**SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as 'due from/to other funds' on the governmental funds balance sheet. For the purposes of the government-wide statement of net position, governmental interfund receivables and payables have been eliminated. Amounts due between governmental activities and business-type activities, if any, are presented as off-setting internal balances on the statement of net position.

**INVENTORIES**

Inventories on the government-wide statement of net position (Exhibit A) and the proprietary fund statement of net position (Exhibit H) are recorded at a combination of historical cost and fair value on a first-in first-out basis. This inventory consists of donated commodities from the U.S. Department of Agriculture as part of the food service program. The School District does not inventory the cost of such items as books and supplies, but rather records these items as expenditures in the governmental funds and an expense in the government-wide statement of activities at the time of purchase.

**CAPITAL ASSETS AND DEPRECIATION**

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets are reported in the governmental activities' column of the government-wide statement of net position.

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**CAPITAL ASSETS AND DEPRECIATION (Continued)**

Capital assets used by the proprietary fund are reported in both the business-type activity column of the government-wide statement of net position and on the proprietary fund statement of net position.

All capital assets are recorded at cost (or estimated historical cost). Donated fixed assets are recorded at fair value at the time of receipt. The School District maintains a capitalization threshold of \$1,500. The cost of infrastructure is included as part of site improvements in the government-wide statement of net position.

Routine repair and maintenance costs that do not add to the value of the asset or extend its useful life are charged as an expense in the government-wide statement of activities. All reported capital assets, except land and construction in progress, are depreciated using the straight-line method over the following useful lives:

| <b><u>CATEGORY</u></b>       | <b><u>GOVERNMENTAL<br/>ACTIVITIES</u></b> |
|------------------------------|-------------------------------------------|
| Land Improvements            | 15-20 years                               |
| Buildings and Improvements   | 20-50 years                               |
| Furniture and Equipment      | 5-15 years                                |
| Vehicles                     | 5-10 years                                |
| Library Books and Text Books | 5 years                                   |

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Capital assets purchased by governmental funds are recorded as expenditures in the fund financial statements (Exhibit E). The results of capitalizing fixed assets net of depreciation on the government-wide statement of net position and statement of activities, as opposed to recording these same assets as an expenditure in the fund financial statements (Exhibit E), is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**LONG-TERM DEBT FINANCING COSTS**

Bond and note issue costs are recorded as expenditures in the governmental fund financial statements in the year paid. The School District did not incur any bond and note issue costs during the fiscal year.

**COMPENSATED ABSENCES**

The School District reports compensated absences in accordance with the provisions of applicable GASB Statements. Participants of the Penn Hills Education Association are entitled to accumulated unused sick reimbursement at the rate of \$100 per day up to 300 days upon retirement. Secretaries and aides are entitled to accumulated unused sick day reimbursement at the rate of \$60 per day for full time employees and \$30 per day for part time employees up to 250 days upon retirement or death. Confidential Executive Secretaries are reimbursed at the rate of \$100 per day up to 220 days upon retirement or death. Plant employees who are members of AFSCME, Local 1314 are entitled to accumulated unused sick reimbursement at the rate of \$70 per day up to 220 days upon retirement or death. They are also entitled to receive vacation earned in the final year of employment. Food service employees who are members of AFSCME, Local 1314 are entitled to accumulated unused sick reimbursement at the rate of \$60/\$50/\$40 per day up to 180 days upon retirement or death.

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**COMPENSATED ABSENCES (Continued)**

Act 93 members are entitled to accumulated unused sick day reimbursement at the rate of \$150 per day up to 300 days. Sick leave benefits are accrued as a liability at the time individuals become eligible for retirement in accordance with the terms of the District's collective bargaining agreements. The entire compensated absences liability of \$2,627,549 is shown as a non-current liability in the government-wide statement of net position. For governmental fund financial statements, compensated absences are recorded as expenditures when paid rather than accrued when earned as the likelihood of payment in the immediate fiscal year with available expendable resources is not assured.

**PENSIONS**

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS), and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investment assets are reported at fair value. More information on pension activity is included in Note 11.

**OTHER POSTEMPLOYMENT BENEFITS**

For the purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS), and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investment assets are reported at fair value. More information on other postemployment benefits activity is included in Note 12.

**ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. For the business-type activities, these obligations and all similar obligations are reported again on the proprietary fund statement of net position (Exhibit H).

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, the non-current portion of compensated absences and retiree health benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, liabilities that mature or come due for payment during the fiscal year are considered to have been paid with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements when due. The District's General Fund is typically used to liquidate long-term liability obligations.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS (Continued)**

The results of recognizing these long-term obligations as liabilities on the government-wide statement of net position and statement of activities, as opposed to recording these same obligations as an expenditure in the fund financial statements (Exhibit E) only when paid, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**UNEARNED REVENUE**

Unearned Revenue arises when the District receives resources before it has legal claim to them. This occurs when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the School District has a legal claim to the resources, the unearned revenue liability is removed, and revenue is recognized.

**DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES**

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The School District has two items that qualify for reporting in this category. They are deferred outflows related to the pension and OPEB plans, and deferred interest from debt refunding, both of which are reported on the statement of net position (Exhibit A).

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The School District has two items that qualify for reporting in this category. They are delinquent real estate taxes reported on the governmental funds balance sheet (Exhibit C), and deferred inflows related to the School District's pension and OPEB plans, both of which are reported on the statement of net position (Exhibit A).

**NET POSITION**

Net position is classified into three categories according to external donor or legal restrictions or availability of assets to satisfy District obligations. Net position is classified as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of debt that is attributable to the acquisition, construction and improvement of the capital assets, plus deferred outflows of resources less deferred inflows of resources related to those assets.
- Restricted Net Position – This component of net position consists of restricted assets reduced by liabilities and deferred inflows related to those assets.
- Unrestricted – Consists of net position that does not meet the definition of 'restricted' or 'net investment in capital assets'. The District has a deficit unrestricted net position of \$125,316,041 at June 30, 2021.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**NET POSITION (Continued)**

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the School District's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

**FUND EQUITY**

In the Balance Sheet – Governmental Funds (Exhibit C), fund balances are reported in specific categories to make the nature and extent of the constraints placed on any entity's fund balance more transparent in accordance with GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance – amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact. The non-spendable fund balance of \$486,179 represents July of 2020 insurance coverage applicable to 2020-2021 fiscal year paid in June of 2021.
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and high levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance – amounts constrained to specific purposes by the School District itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the School District takes the same highest-level action to remove or change the constraint.
- Assigned fund balance – amounts the School District intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. The Board of Education has assigned \$7,962 for future debt service payments.
- Unassigned fund balance – amounts that are available for any purpose. The District had an unassigned General Fund balance of \$6,971,645 at June 30, 2021.

Act 48 of 2003 prohibits school districts from increasing real property taxes beyond the annual index increase permitted by law, unless the school district has adopted a budget for such school year that includes an estimated ending unassigned fund balance which is not more than a specified percentage of the district's total budgeted expenditures. For the Penn Hills School District, estimated ending unassigned fund balance must not exceed 8% of total budgeted expenditures.

The School District establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. The Board of Education has authority to assign fund balance.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND EQUITY (Continued)**

When expenditures/expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the District's general policy to spend the committed resources first, followed by assigned amounts and then unassigned amounts.

**ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires the District's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**OPERATING REVENUES AND EXPENSES**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the Penn Hills School District, these revenues are food service charges for lunch and breakfast service. Operating expenses are the necessary costs incurred to provide the aforementioned food service. Non-operating revenues of the District's food service proprietary fund are **1)** investment earnings and **2)** state and federal subsidies, including donated commodities, received from the U.S. Department of Agriculture. The District did not have non-operating expenses during the fiscal year.

**ADOPTION OF GASB PRONOUNCEMENTS**

The requirements of the following GASB Statement were adopted for the School District's 2020-2021 financial statements:

**GASB issued Statement No. 84, 'Fiduciary Activities'.** The primary objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. This Statement also is intended to improve the usefulness of fiduciary activity information primarily for assessing the accountability of governments in their roles as fiduciaries (see Note 17).

**GASB issued Statement No. 90, 'Majority Equity Interests (an amendment of GASB Statements No. 14 and No. 61)'.** The primary objectives of this Statement are to improve consistency in the measurement and comparability of the financial statement presentation of majority equity interests in legally separate organizations and to improve the relevance of financial statement information for certain component units. There are currently no effects on the District's financial statements regarding GASB 90.

**PENDING GASB PRONOUNCEMENTS**

**GASB issued Statement No. 87, 'Leases'.** The primary objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases; enhancing the comparability of financial statements between governments; and also enhancing the relevance, reliability (representational faithfulness), and consistency of information about the leasing activities of governments. The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**PENDING GASB PRONOUNCEMENTS (Continued)**

**GASB issued Statement No. 89, 'Accounting for Interest Cost Incurred before the end of a Construction Period'.** The primary objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and, (b) to simplify accounting for certain interest costs. The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

**GASB issued Statement No. 91, 'Conduit Debt Obligations'.** The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The provisions of this Statement are effective for the School District's June 30, 2023 financial statements.

**GASB issued Statement No. 92, 'Omnibus 2020'.** The primary objectives of this statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of GASB Statement Nos. 73, 74, 84, and 87. In addition the Statement addresses various topics and includes specific provisions concerning the following:

- Measurement of liabilities (and assets, if any) related to asset retirement obligations (ARO) in a government acquisition
- Reporting by entity risk pools for amounts that are recoverable from reinsurers or excess insurers
- Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature
- Terminology used to refer to derivative instruments

The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

**GASB issued Statement No. 93, 'Replacement of Interbank Offered Rates'.** The primary objectives of this Statement are to address the accounting and financial reporting implications that result from the replacement of an interbank offering rate (IBOR). The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

**GASB issued Statement No. 94, 'Public-Private and Public-Public Partnerships and Availability Payment Arrangements'.** The primary objectives of this Statement are to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs) and provide guidance for accounting and financial reporting for availability payment arrangements (APAs). The provisions of this Statement are effective for the School District's June 30, 2023 financial statements.

**GASB issued Statement No. 96, 'Subscription-Based Information Technology Arrangements'.** The primary objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. The provisions of this Statement are effective for the School District's June 30, 2023 financial statements.

**PENDING GASB PRONOUNCEMENTS (Continued)**

**GASB issued Statement No. 97**, '*Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*'. The primary objectives of this Statement are to 1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; 2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans as fiduciary component units in fiduciary fund financial statements; and 3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensations plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

**GASB issued Statement No. 98**, '*The Annual Comprehensive Financial Report*'. This Statement establishes the term *annual comprehensive financial report and its acronym ACFR*. That new term and acronym replace instances of *comprehensive annual financial report* and its acronym in generally accepted accounting principles for state and local governments. The requirements of this Statement are effective for the School District's June 30, 2022 financial statements.

The effects of implementing these Statements on the School District's financial statements have not yet been determined.

**NOTE 2 - CASH DEPOSITS**

The following represents the bank balance and carrying value for the Penn Hills School District's cash and cash equivalents at June 30, 2021:

|                   | <b><u>Bank<br/>Balance</u></b> | <b><u>Carrying<br/>Value</u></b> |
|-------------------|--------------------------------|----------------------------------|
| General Fund      | \$ 12,814,763                  | \$ 13,216,789                    |
| Debt Service Fund | 7,962                          | 7,962                            |
| Enterprise Fund   | 246,554                        | 243,676                          |
| Custodial Fund    | 139,266                        | 103,269                          |
| <b>Totals</b>     | <b><u>\$ 13,208,545</u></b>    | <b><u>\$ 13,571,696</u></b>      |

The difference between the bank balance and carrying value represents year-end reconciling items such as deposits in transit and outstanding checks, and petty cash. The Federal Deposit Insurance Corporation (FDIC) coverage threshold for government accounts is \$250,000 per official custodian. This coverage includes checking and savings accounts, money market deposits accounts, and certificates of deposit.

**NOTE 2 - CASH DEPOSITS (Continued)**

**Custodial Credit Risk:**

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's policy is to invest funds consistent with sound business practices evaluating each investment opportunity in terms of risk, yield, liquidity, and legal restrictions as allowable by law or regulations. As of June 30, 2021, \$12,170,955 of the District's bank balance total with PNC Bank is exposed to custodial credit risk as this amount represents uninsured deposits collateralized with securities held by the pledging financial institution or by its trust department or agent, but not in the District's name. In accordance with Act Number 72-1971 Session of the Commonwealth of Pennsylvania, the aforementioned deposits, in excess of \$250,000, are collateralized by securities pledged to a pooled public funds account with the Federal Reserve System.

The above bank balance totals include \$7,962 held with the Bank of New York Mellon in a short-term cash reserve account for the District's Debt Service Fund, and \$779,628 held with the Pennsylvania School District Liquid Asset Fund (PSDLAF) as part of the District's General Fund. The purpose of the Pennsylvania School District Liquid Asset Fund (PSDLAF) is to enable their available funds for investments authorized under the Intergovernmental Cooperation Act of 1972. The funds operate in a manner consistent with the SEC's Rule 2(a)7 of the Investment Company Act of 1940. The funds use amortized cost to report net position to compute share prices. These funds maintain net asset values of \$1 per share. Accordingly, the fair value of the position in these funds is the same as the value of these shares.

**NOTE 3 - PROPERTY TAXES**

The Penn Hills School District levies property taxes July 1st of each fiscal year. The tax millage assessment for the 2020-2021 fiscal year was 29.6965 mills, which represents \$29.6965 of revenue for every \$1,000 of assessed property value. Taxpayers are entitled to a 2% discount if taxes are paid prior to August 31st. Collections beginning November 1st are assessed a 10% penalty. Unpaid taxes are submitted to the Municipal Revenue Service for collection. Tax collectors are required under Act 169 of the Commonwealth of Pennsylvania to submit a reconciliation of their tax duplicate to the District by January 15<sup>th</sup> of the year following levy.

The final tax collector reconciliations reflected \$3,794,727 in unpaid 2020 property taxes, which represents 8.0% of the total assessed property taxes (\$47,676,991) for the current fiscal year.

**NOTE 4 – TAXES RECEIVABLE**

Taxes receivable are comprised of the following at June 30, 2021:

|                           |           |                       |
|---------------------------|-----------|-----------------------|
| Earned Income Taxes       | \$        | 55,855                |
| Deed Transfer Taxes       |           | 68,018                |
| Mercantile Taxes          |           | 44,305                |
| Payments in Lieu of Taxes |           | 15,329                |

**NOTE 5 – DUE FROM OTHER GOVERNMENTS**

The amount of 'due from other governments', as reflected on the government-wide statement of net position (Exhibit A), the governmental funds balance sheet (Exhibit C), and the proprietary fund statement of net position (Exhibit H), is comprised of the following:

|                               | <b><u>GOVERNMENTAL<br/>ACTIVITIES</u></b> | <b><u>BUSINESS-TYPE<br/>ACTIVITIES</u></b> |
|-------------------------------|-------------------------------------------|--------------------------------------------|
| Allegheny Intermediate Unit   | \$ 71,732                                 | \$ -                                       |
| Commonwealth of Pennsylvania: |                                           |                                            |
| State Subsidies               | 2,202,719                                 | -                                          |
| Federal Pass-Through Grants   | -                                         | 602,349                                    |
|                               | <b><u>\$ 2,274,451</u></b>                | <b><u>\$ 602,349</u></b>                   |

**NOTE 6 – OTHER RECEIVABLES**

The amount of 'other receivables', as reflected on the government-wide statement of net position (Exhibit A), represents \$192,842 due the District's General Fund for miscellaneous billings to third-party vendors for services rendered by the District on or prior to June 30, 2021.

**NOTE 7 – INTER-FUND RECEIVABLES/PAYABLES/TRANSFERS**

Inter-fund receivables and payables as reflected on the governmental funds balance sheet (Exhibit C) and the proprietary fund statement of net position (Exhibit H) are as follows:

|                   | <b><u>RECEIVABLE</u></b> | <b><u>PAYABLE</u></b>    |
|-------------------|--------------------------|--------------------------|
| General Fund      | \$ 447,894               | \$ -                     |
| Food Service Fund | -                        | 447,894                  |
|                   | <b><u>\$ 447,894</u></b> | <b><u>\$ 447,894</u></b> |

The amount due from the Food Service Fund to the General Fund is for general operating costs. All interfund payables are expected to be paid during the 2021-2022 fiscal year.

**NOTE 8 – UNEARNED REVENUES**

Unearned revenue totaling \$180,724, as reflected on the statement of net position (Exhibit A), is comprised of **1)** unearned federal subsidies totaling \$172,716 of the District's General Fund, and **2)** \$8,008 in unearned donated commodity inventory of the District's Food Service Fund.

The District has defeased various bond issues by entering into irrevocable trust agreements with The Bank of New York Mellon to purchase U.S. Government Securities in amounts sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the total amount of defeased debt outstanding is removed as a liability from the District's statement of net position as of June 30, 2021.

The difference between the District's defeased debt and the reacquisition prices (amounts deposited with escrow agent for refunding purposes) totaling \$1,894,235, is considered 'deferred interest' and is being amortized over the life of the new bond issues. The remaining amount of deferred interest on refunding totaling \$1,436,055 is reflected as a component of 'deferred outflows of resources' in the governmental activities column on the government-wide statement of net position. Total amortization for the 2020-2021 fiscal year was \$74,100 and was charged to the 'interest on long-term debt' expense category in the statement of activities.

In connection with the School District's various general obligation bond issues, the District paid bond discount costs which are being amortized on a straight-line basis over the life of the various bond issues. The unamortized amount of bond discount totaling \$84,000 is reflected as a component of 'Bonds Payable – Long-Term Portion (Net)' in the governmental activities' column on the government-wide statement of net position. Amortization expense for the year ended June 30, 2021 was \$274,526. This amount was charged to the 'Interest on Long-Term Debt' expense category in the statement of activities.

The School District's various general obligation bond issues were issued at premiums which are being accreted as a component of interest expense on a straight-line basis over the life of the bond issues. The un-accreted amount of bond premiums totaling \$10,385,213 is reflected as a component of 'Bonds Payable – Long-Term Portion (Net)', in the governmental activities' column on the government-wide statement of net position. Premium accretion for the year ended June 30, 2021 was \$836,745. This amount was credited to the 'Interest on Long-Term Debt' expense category in the statement of activities.

**FINANCIAL RECOVERY TRANSITIONAL LOAN**

On November 25, 2019, the School District entered into a non-interest-bearing loan agreement with the Commonwealth of Pennsylvania Department of Education (PDE) in the amount \$1,235,000 for the sole purpose of implementing the components of the District's Financial Recovery Plan that was approved by the Secretary of Education on July 19, 2019. The terms of the loan call for 10 annual payments of \$123,500 beginning with the first payment on June 30, 2022. The loan is scheduled to mature on June 30, 2031 and the School District has the right at its option to pre-pay any or all installments of principal at any time without notice or penalty.

**DEFAULT PROVISIONS – FINANCIAL RECOVERY TRANSITION LOAN**

In the event of default, the Department of Education may terminate the agreement, and declare the unpaid principal immediately payable without further notice or demand. The Department of Education may also pursue any and all remedies available by law.

**NOTE 11 - PENSION PLAN**

The Penn Hills School District participates in the Public School Employees' Retirement System (PSERS). PSERS is a component unit of the Commonwealth of Pennsylvania. A brief description of the plan, and summary of the plan's provisions, are as follows:

**Plan Description**

PSERS is a governmental cost-sharing multiple-employer defined-benefit plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at [www.psers.state.pa.us](http://www.psers.state.pa.us).

**Benefits Provided**

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with a least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age.

Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of three years of service or attain a total combination of age and service that is equal to or greater than ninety-two with a minimum of thirty-five years of service.

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 11 – PENSION PLAN (Continued)**

Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

**Contribution Rates**

**Member Contributions** - Active members who joined the System prior to July 22, 1983, contribute at 5.25% (Membership Class T-C) or at 6.5% (Membership Class T-D) of the member's qualifying compensation.

Members who joined the System on or after July 22, 1983, and who were active or inactive as of July 1, 2001, contribute 6.25% (Membership Class T-C) or at 7.5% (Membership Class T-D) of the members qualifying compensation. Members who joined the System after June 30, 2001, and before June 1, 2011, contribute at 7.5% (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002. Members who joined the System after June 30, 2011, automatically contribute at the Membership Class T-E rate of 7.5% (base rate) of the member's qualifying compensation.

All new hires after June 30, 2011, who elect Class T-F membership, contribute at 10.30% (base rate) of the member's qualifying compensation. Membership Class T-E and Class T-F are affected by a 'shared risk' provision in Act 120 of 2010 that in future years could cause the Membership Class T-E contribution rate to fluctuate between 7.50% and 9.50% and Membership Class T-F contribution rate to fluctuate between 10.30% and 12.30%.

**Employer Contributions** – Contributions required of employers are based upon an actuarial valuation. For fiscal year ended June 30, 2021, the rate of employer's contribution was 33.69% (33.51% employer pension rate and .18% Act 5 defined contribution rate) of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the employer were \$8,311,864 for the year ended June 30, 2021.

**NOTE 11 - PENSION PLAN (Continued)**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2021, the School District reported a liability of \$91,338,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2019 to June 30, 2020. The School District's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2020 (the measurement date), the School District's proportion was .1855% which was a decrease of .0242% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the School District recognized pension expense of \$4,587,466. At June 30, 2021, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|                                                                 | <b><u>Deferred Outflows<br/>of Resources</u></b> | <b><u>Deferred Inflows<br/>of Resources</u></b> |

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 11 - PENSION PLAN (Continued)**

**Actuarial Assumptions**

The total pension liability as of June 30, 2020, was determined by rolling forward the System's total pension liability as of the June 30, 2019 to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – Entry Age Normal – level % of pay
- Investment return – 7.25%, includes inflation at 2.75%
- Salary growth – Effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study that was performed for the five-year period ending June 30, 2015.

**Investment Asset Allocation**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

**NOTE 11 - PENSION PLAN (Continued)**

**Discount Rate**

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the School's proportionate share of the net pension liability to changes in the discount rate**

The following presents the net pension liability, calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

**PSERS – HEALTH INSURANCE PREMIUM ASSISTANCE PROGRAM**

**General Information about the Health Insurance Premium Assistance Program**

PSERS provides Premium Assistance which, is a governmental cost sharing, multiple-employer other postemployment benefit plan (OPEB) for all eligible retirees who qualify and elect to participate. Employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Effective January 1, 2002, under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS's Health Options Program. As of June 30, 2020, there were no assumed future benefit increases to participating eligible retirees.

**Premium Assistance Eligibility Criteria**

Retirees of the System (PSERS) can participate in the Premium Assistance program if they satisfy the following criteria:

- Have 24 ½ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age, and
- Participate in the HOP or employer-sponsored health insurance program

**Plan Description**

Penn Hills School District employees participate in the PSERS – Health Insurance Premium Assistance program, which is a governmental cost sharing, multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public-school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at [www.psers.pa.gov](http://www.psers.pa.gov).

**Benefits Provided**

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance eligible retirees must obtain their health insurance coverage through either their school employer or PSER's Health Options Program. As of June 30, 2020, there were no assumed future benefit increases to participating eligible retirees.

**Contributions**

The District's contractually required contribution for the fiscal year ended June 30, 2021 was 0.82% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. During the 2020-2021 fiscal year, the Penn Hills School District contributed \$202,307 to the premium assistance program.

**OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At June 30, 2021, the District reported a liability of \$4,008,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the System's total OPEB liability as of June 30, 2019 to June 30, 2020. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2020 (the measurement date), the district's proportion was .1855%, which is a decrease of .0242% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, Penn Hills School District recognized OPEB expense of \$84,767. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

**PSERS – HEALTH INSURANCE PREMIUM ASSISTANCE PROGRAM (Continued)**

**Actuarial assumptions**

The Total OPEB liability as of June 30, 2020, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2019 to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial Cost Method – Entry Age Normal – level % of pay
- Investment Return – 2.79% based on the S&P 20 Year Municipal Bond Rate.
- Salary Increases – Effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.
- Participation rate:
  - Eligible retirees will elect to participate Pre age 65 at 50%
  - Eligible retirees will elect to participate Post age 65 at 70%

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study that was performed for the five-year period ending June 30, 2015.

**Investment Asset Allocation**

Investments consist primarily of short-term assets designed to protect the principal of plan assts. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code, employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

| <u>Asset Class</u>     | <u>Target<br/>Allocation</u> | <u>Long-Term<br/>Expected Real<br/>Rate of Return</u> |
|------------------------|------------------------------|-------------------------------------------------------|
| Cash                   | 50.3%                        | -1.00%                                                |
| US Core Fixed Income   | 46.5%                        | -0.10%                                                |
| Non-US Developed Fixed | 3.2%                         | -0.10%                                                |
|                        | <u>100%</u>                  |                                                       |

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2020.

**PSERS – HEALTH INSURANCE PREMIUM ASSISTANCE PROGRAM (Continued)**

**Discount Rate**

The discount rate used to measure the Total OPEB Liability was 2.79%. Under the plan's funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a "pay-as-you-go" plan. A discount rate of 2.66% which represents the S&P 20-year Municipal Bond Rate at June 30, 2020, was applied to all projected benefit payments to measure the total OPEB liability.

**Sensitivity of the Net OPEB liability to changes in the Discount Rate**

The following presents the net OPEB liability, calculated using the discount rate of 2.66%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.66%) or 1-percentage-point higher (3.66%) than the current rate:

|                    | 1%<br>Decrease<br>1.66% | Current Discount<br>Rate<br>2.66% | 1%<br>Increase<br>3.66% |

| Net OPEB Liability | <u>\$ 4,570,000</u>     | <u>\$ 4,008,000</u>               | <u>\$ 3,543,000</u>     |

**Sensitivity of the Net OPEB liability to changes in the Healthcare Cost Trend Rates**

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2020, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2020, 93,693 retirees were receiving the maximum amount allowed of \$1,200 per year and 688 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

The following presents the net OPEB liability of the District as of the June 30, 2020 measurement date, calculated using current Healthcare cost trends as well as what the District net OPEB liability would be if its health cost trends were 1-percentage point lower or 1-percentage-point higher than the current healthcare cost trend rate:

**DISTRICT – POST-RETIREMENT HEALTHCARE BENEFIT PLAN**

**Plan Description**

The District administers a single-employer defined benefit healthcare plan (the Retiree Health Plan). The plan provides healthcare, prescription drug, dental, vision, and/or life for the life of the member, until the member is eligible for Medicare, or up to four or ten years or until age 65, whichever comes first, for eligible retirees, their spouses and/or their dependents through the District's health insurance plan.

A Medicare supplement is also provided to grandfathered employees until death. The member is covered until death for life insurance. The Retiree Health Plan covers both active and retired members. Benefit provisions are established through negotiation with the District and the union representing the District's employees.

**Funding Policy**

The contribution requirements of plan members and the School District are negotiated between the District and the union representatives as part of the collective bargaining agreements. The plan is funded on a pay-as-you-go basis, i.e., premiums are paid monthly to fund the health care benefits provided to current retirees.

A description of the coverages provided to retirees is as follows:

- **Teachers who retired prior to June 30, 1996** – District pays full premium for life insurance of \$5,000 for member only. The District also paid for the full premium for medical and prescription drug and a portion of dental and vision coverage for up to 10 years or until the member reached age 65. Members were responsible for premium costs increases in excess of a yearly maximum. If the 10-year period expires before the member reaches age 65, the member could continue coverage for an additional 5 years by paying the full premium. Once the member reaches Medicare age, the District pays the full premium for the Medicare supplement plan if elected.
- **Administrators who retired prior to July 12, 2001 and teachers who retired on or after October 14, 1996 and before June 30, 2001** – District pays full premium for life insurance of \$5,000 for member only. The District also paid for the full premium for medical and prescription drug and a portion of dental and vision coverage for up to 10 years or until the member reached age 65. Members were responsible for premium costs increases in excess of a yearly maximum. If the 10-year period expires before the member reaches age 65, the member could continue coverage for an additional 5 years by paying the full premium. For grandfathered administrative retirees prior to July 12, 2001, the District pays the full premium for the Medicare supplement plan until the member's death if elected.

The District also paid for the full premium for medical and prescription drug and a portion of dental and vision coverage for up to 10 years or until the member reached age 65. The member's spouse is covered until the later of 10 years past retirement or member age 65. Members were responsible for premium costs increases in excess of a yearly maximum. If the 10-year period expires before the member reaches age 65, the member and spouse could continue coverage for an additional 5 years by paying the full premium. If the member or spouse reach age 65 before the 10-year period, they switch to a Medicare supplement plan with costs in excess of a predetermined cap to be covered by the member.
- **Administrators who retired on or after July 1, 2008 and on or before June 30, 2009, and either superannuation whereas the member is age 60 with 30 years of service, age 62 with 1 year of service, or 35 years of service of Act 110/43 is met** – District pays full premium for life insurance of \$10,000 for member only. The District pays the premium at the time of retirement for medical, prescription drug, dental, and vision for 1 year for every 4 years of PSERS service for the member and spouse. The District pays premium increases of up to 5% per year. After the District subsidy ends, if the member is under age 65, then the member may continue coverage by paying the full premium.
- **Administrators who retired on or after July 1, 2009 if the requirements of Act 110/43 are met** – District pays full premium for life insurance of \$10,000 for member only. The member may obtain medical, prescription drug, dental, and vision coverage by paying the full premium.
- **Teachers who retired on or after July 1, 2007 if the requirements of Act 110/43 are met** – District pays full premium for life insurance of \$5,000 for member only. The member and spouse may obtain medical, prescription drug, dental, and vision coverage by paying the full premium.
- **Food service staff if the requirements of Act 110/43 are met** – District pays full premium for life insurance of \$3,000 for member only. The member and spouse may obtain medical, prescription drug, dental, and vision coverage by paying the full premium.
- **Plant employees if the requirements of Act 110/43 are met** – District pays full premium for life insurance of \$3,000 for member only. The member and spouse may obtain medical, prescription drug, dental, and vision coverage by paying the full premium. Additional life insurance costs and provisions are included in the plan. If the member is age 62 or older, the District pays the premium for tier of coverage held at the time of retirement for medical and prescription drugs until age 65. For grandfathered retirees, the District pays the full premium for a Medicare supplement plan until the member's death, if elected.
- **Secretarial staff and aides, if either attained the age of 61 with 10 years of service and are eligible for PSERS retirement, or Act 110/43 are met** – District pays full premium for life insurance of \$5,000 for member only. The member and spouse may obtain medical, prescription drug, dental, and vision coverage by paying the full premium. Additional life insurance costs and provisions are included in the plan.

**Actuarial Assumptions and Other Inputs to Calculate the Total OPEB Liability**

The total OPEB liability was determined as of the June 30, 2018 actuarial valuation using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial Cost Method – Entry Age Normal as a Level Percentage of Pay.
- Mortality – Pri.H-2012 Total Dataset Mortality Table projected using Scale MP-2020.
- Discount Rate – 2.16% - Based on the Bond Buyers 20-Bond Index.
- Inflation Rate – 3.00%.
- Investment Return – Investment return was not utilized in this valuation since there are no assets.
- Salary increases – 2.50%.
- Healthcare Trend – 6.75% 2020-2021, 6.50% 2021-2022, 6.25% 2022-2023, 6.00% 2023-2024, 5.75% 2024-2025, 5.50% 2025-2026, 5.25% 2026-2027, 5.00% 2027-2028, 4.75% 2028-2029, 4.50% 2029-2030 and later.
- Percent Married – Actual spousal information was utilized for current retirees. For the active population, it was assumed that 55% of employees will have a covered spouse at retirement. Females are assumed to be three years younger than males.
- Participation – It is assumed that 100% of eligible Administrators, 75% of eligible Teachers, 100% of eligible Plant members, and 20% of eligible Food Service members will participate in the retiree medical program. 100% of eligible Aides who are currently enrolled in active medical coverage will participate in the retiree medical program and 10% of eligible Aides who are not currently enrolled in active medical coverage will elect to enroll in coverage before retiring and thus would be able to participate in the retiree medical program. 100% of employees will participate in the retiree life insurance program.
- Aging Factors – Pre-65 morbidity rates were developed from the unisex factors found in Chart 5 of “Health Care Costs-From Birth to Death” sponsored by the Society of Actuaries and prepared by Dale H. Yamamoto (June 2013). Post-65 morbidity rates were developed from the factors found in Chart 20 of “Health Care Costs-From Birth to Death” sponsored by the Society of Actuaries and prepared by Dale H. Yamamoto (June 2013).
- Withdrawal Rates – Rates vary by attained age.
- Retirement Rates – Rates vary by attained age.
- Disability – None assumed.

**NOTE 13 – JOINTLY GOVERNED ORGANIZATIONS**

**FORBES ROAD CAREER & TECHNOLOGY CENTER**

The Penn Hills School District, in conjunction with nine other School Districts, funds the operating and capital budget of the Forbes Road Career & Technology Center. The Technology Center is designed to teach students trade related professions. Each district's share of tuition is based on the percentage of the district's enrollment to the total enrollment at the Technology Center. A representative from each district's school board sits on the board of the Technology Center. The Penn Hills School District paid \$501,502 in operating subsidy during the 2020-2021 fiscal year. The Technology Center issues separate financial statements annually which can be obtained by contacting the Technology Center directly.

**ALLEGHENY INTERMEDIATE UNIT**

The Penn Hills School District participates with 42 other School Districts and 5 Vocational-Technical schools located in Allegheny County in the Allegheny Intermediate Unit #3 (AIU3). The AIU3 was established in 1971 by Act 102 of the Commonwealth of Pennsylvania to function as a regional educational service agency for 42 school districts, as well as nonpublic schools and other institutions, located within Allegheny County. The AIU3 provides services relative to curriculum development, continuing education, educational planning, instructional materials, pupil personnel, state and federal agency liaison and managerial oversight. The Allegheny Intermediate Unit is governed by a thirteen (13) member board appointed by the 42 participating school districts on a rotating basis. The School District contributed \$43,985 to AIU3 for operating expenses, transportation recovery, and institutionalized children, through state subsidy withholdings, for the year-ended June 30, 2021. The Allegheny Intermediate Unit issues separate financial statements annually which can be obtained by contacting the AIU directly.

**NOTE 14 - RISK MANAGEMENT**

**GENERAL INSURANCE**

The Penn Hills School District is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims for these risks have not exceeded commercial insurance coverage for the past three years.

**HEALTH INSURANCE**

The Penn Hills School District is one of seventy members of the Allegheny County Schools Health Insurance Consortium (Consortium) which purchases health benefits on behalf of participating public school districts. The school district is billed monthly based on employee count and coverage information at rates established by the Consortium at the beginning of each fiscal year. As the Consortium is self-insured, rates are established with the objective of satisfying estimated claims and other costs, as well as maintaining working capital requirements. Contributions by the District, as reported by the Consortium, totaled \$5,866,256 for the year ended June 30, 2021. Participating school districts are permitted to withdraw from the Consortium under terms specified in the agreement.

Withdrawing participants are entitled to or responsible for a proportionate share of the Consortium's net position, as determined on the fiscal year-end date after withdrawal. As of June 30, 2021, the net assets available for benefits of the Consortium were \$63,689,030 of which \$1,202,750 is attributable to the Penn Hills School District.

**NOTE 15 – CONTINGENCIES**

**STATE AND FEDERAL SUBSIDIES**

The Penn Hills School District's state and federally funded programs are subject to program compliance audits by various governmental agencies. The audit scopes of these program compliance audits are different than the scope of financial audits performed by an outside, independent certified public accounting firm. The District is potentially liable for any expenditure disallowed by the results of these program compliance audits.

**SALE OF TAX CLAIMS**

The Penn Hills School District sold its outstanding delinquent real estate tax claims for the tax years 2014-2020 to the Northwest Pennsylvania Incubator Association (NPIA). NPIA borrowed the necessary funds from Firsttrust Savings Bank. Section 3.02 of the agreement of sale between the District and NPIA provides for a mandatory repurchase clause by the District in the event of default by NPIA on its loan obligation to Firsttrust Savings Bank. In the event of default, the District would be responsible for the outstanding balance due Firsttrust Savings Bank by NPIA.

**LEGAL MATTERS**

The Penn Hills School District, in the normal course of operations, is party to various legal matters normally associated with school districts such as real estate tax assessment appeals, personnel wage and benefits, student education and athletics, construction projects, and other miscellaneous legal matters. A grand jury report was released by the Allegheny County District Attorney's Office on February 5, 2019 with regard to the operations of the Penn Hills School District. The report reiterated concerns expressed by the Commonwealth of Pennsylvania Department of the Auditor General 'Performance Audit' in May of 2016 and provided a series of recommendations. The ultimate disposition of the matters as addressed in the Grand Jury Report are still in process and it is not feasible as of the date of this report to determine the extent of any adverse sanctions or other matters that may affect the financial position of the School District.

**COVID-19 IMPLICATIONS**

Early in 2020, a new strain of the coronavirus (COVID-19) began its global pandemic spread, including to the United States, negatively affecting many aspects of society and the economy. The impact of the virus is on-going and varies from region to region and from day to day, and any significant additional spreading of the virus could adversely affect the School District's operations and finances. The outbreak of the COVID-19 virus is likely to have a negative impact in 2021-2022 on the global and local economy and, might impact the School District's financial results in 2021-2022 and beyond. Given the dynamic nature of this pandemic, however, the extent to which the COVID-19 virus impacts the School District's results will depend on future developments, which remain highly uncertain and cannot be predicted at this time.

**NOTE 16 – PRIOR PERIOD ADJUSTMENT**

The prior period adjustment totaling \$393,800 to the July 1, 2020 governmental activities net position of the Penn Hills School District (Exhibit B), represents the addition of small parcels of land recognized as being owned by the School District but not previously reported by the District.

**NOTE 17 – IMPACT OF GASB 84 IMPLEMENTATION**

As noted in Note 1, the Penn Hills School District adopted the provisions of **GASB Statement No. 84, 'Fiduciary Activities'** during the 2020-2021 fiscal year, effective July 1, 2020. The primary objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. This Statement is also intended to improve the usefulness of fiduciary activity information primarily for assessing the accountability of governments in their roles as fiduciaries. The impact of the School District's implementation of this new standard resulted in the following:

- Student Activity Fund continues to be reported as a fiduciary fund-type, however under the new GASB Statement No. 84 category of fiduciary 'custodial funds' – Student Activity Custodial Fund.
- The Student Activity Custodial Fund requires the presentation of a statement of changes in net position. Prior to July 1, 2020, the Student Activity Fund net position was \$0. Accordingly, to conform with the requirements of GASB Statement No. 84, the July 1, 2020 net position for the Student Activity Custodial Fund was restated to \$156,745 (Exhibit L).

**NOTE 18 - FINANCIAL RECOVERY STATUS**

On June 5, 2017, the Penn Hills School District was notified by PDE that the School District was designated in 'Financial Watch Status' pursuant to Section 611-A of the Public School Code of 1949. Pursuant to Act 141 of 2012, the Pennsylvania Department of Education (PDE) was required to develop and implement an 'Early Warning System' in order to identify and offer technical assistance to school districts experiencing financial difficulties. The Early Warning System identifies a number of indicators of financial difficulty that PDE evaluates to determine whether a school district should be designated in financial watch status. Pursuant to the Early Warning System, PDE conducts an initial analysis of the financial results of the school district. PDE conducted this analysis of the Penn Hills School District and determined the factors existed to support the School District's initial designation in 'Financial Watch Status'. Some, but not all of the factors supporting the School District's designation include a negative fund balance, a requested and received advance of \$2,000,000 in basic subsidy funding (March 30, 2017), issuance of unfunded debt in 2015, and the results of the Auditor General's Performance Audit (see Note 15).

On January 16, 2019, based on updated financial information reviewed by PDE, the Penn Hills School District was declared by PDE to be in 'Financial Recovery Status' as defined in Section 621-A of the Public School Code, and Section 18.5 of the Pennsylvania Code, 24 P.S., and is subject to the provisions of Article VI-A that apply to Moderate Financial Recovery School Districts as defined in Section 651-A, 24 P.S. A recovery officer was appointed the first week of February 2019 and prepared a Financial Recovery Plan adopted by the School Board on June 29, 2019. The Financial Recovery Plan includes and commits the District to strategies aimed at eliminating the negative fund balance.

**NOTE 19 – SUBSEQUENT EVENTS**

**GENERAL OBLIGATION BONDS – SERIES OF 2021**

On August 18, 2021, the Penn Hills School District issued General Obligation Bonds, Series of 2021 in the amount of \$24,995,000 for the purpose of **1)** refund, on an advance refunding basis, all of the District's General Obligation Bonds, Series C of 2012, and **2)** paying all costs and expenses incurred by the School District in connection with the issuance and sale of the Bonds. The bonds were issued in denominations of \$5,000 with interest payable on June 1 and December 1 each year through maturity. Interest rates range between 0.78% and 3.19% with the bonds maturing December 1, 2042. The bonds provide for early redemption options for the School District as more fully described in the detailed Official Statement.

**Actuarial Assumptions used in Calculations of Actuarially Determined Contributions**

The following actuarial methods and assumptions were used to determine contribution rates reported in the OPEB required supplementary schedules:

- The results of the actuarial valuation as of June 30, 2018 determined the employer contribution rate for fiscal year 2020.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date
- Asset Valuation Method: Market value
- Participation Rate: 63% of eligible retirees are assumed to elect premium assistance
- Mortality rates and retirement ages were based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 for both males and females for healthy annuitants and for dependent beneficiaries. For disabled annuitants, the RP-2000 Combined Disabled Tables with age set back 7 years for males and 3 years for females for disabled annuitants. (A unisex table based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 years for both genders assuming the population consists of 25% males and 75% females is used to determine actuarial equivalent benefits.)

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**To the Management and Board of Education  
Penn Hills School District**

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standard* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Penn Hills School District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Penn Hills School District's basic financial statements, and have issued my report thereon dated March 17, 2022.

**Internal Control over Financial Reporting**

In planning and performing my audit of the financial statements, I considered the Penn Hills School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Penn Hills School District's internal control. Accordingly, I do not express an opinion on the effectiveness of the Penn Hills School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Penn Hills School District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

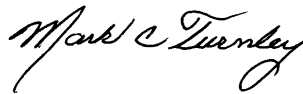

**To the Board of Education  
Penn Hills School District**

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Penn Hills School District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Penn Hills School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Penn Hills School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON  
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

**To the Board of Education  
Penn Hills School District**

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM**

I have audited the Penn Hills School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Penn Hills School District's major federal programs for the year ended June 30, 2021. The Penn Hills School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**Auditor's Responsibility**

My responsibility is to express an opinion on compliance for each of the Penn Hills School District's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Penn Hills School District's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination on the Penn Hills School District's compliance.

**Opinion on Each Major Federal Program**

In my opinion, Penn Hills School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

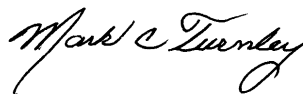

## **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

Management of Penn Hills School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Penn Hills School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing my opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Penn Hills School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**JUNE 30, 2021**

**NOTE 1 – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the 'Schedule') includes the federal grant activity administered by the Penn Hills School District for the year ended June 30, 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Grant Guidance – UGG)*. Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position or changes in net position of the Penn Hills School District.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF ACCOUNTING**

Expenditures reported on the Schedule are presented using the accrual method of accounting. Under this method, grant revenue is recognized to the extent expenditures are incurred. Expenditures are recognized when the liability for the expenditure is incurred rather than when the disbursement is actually made.

The federal expenditures are recognized, as applicable, under the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or limited to reimbursement.

**NOTE 3 - RELATIONSHIP TO FINANCIAL STATEMENTS**

Federal financial award revenues are included in the financial statements as 'local source' and 'federal source' revenues.

**NOTE 4 – RECEIVABLES AND UNEARNED REVENUE**

Federal grants receivable are included as part of 'due from other governments' in Exhibit A and Exhibit C as referenced in Note 5 to the Financial Statements. Unearned federal grant revenue is included as part of 'unearned revenue' in Exhibit A and Exhibit C, and is referenced in Note 8 to the Financial Statements.

**NOTE 5 - NON-CASH ASSISTANCE**

The Penn Hills School District received donated commodities from the Department of Agriculture in connection with its food service program. The amount of non-cash assistance expended in the accompanying schedule of expenditures of federal awards reflects the fair market value of the commodities used during the 2020-2021 fiscal year.

**NOTE 6 – INDIRECT COST RATE**

The District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.
