**To the Management and Board of Education  
Penn Hills School District**

## **Independent Auditor's Report**

### **Report on Financial Statements**

I have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Penn Hills School District as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Penn Hills School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Penn Hills School District's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

## **Opinion**

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Penn Hills School District as of June 30, 2018 and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Change in Accounting Principle**

As discussed in Note 1 to the financial statements, the District adopted new accounting guidance GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. My opinions are not modified with respect to this matter.

## **Emphasis of Matter**

As shown on the Governmental Funds Balance Sheet (Exhibit C), the Penn Hills School District General Fund maintained a deficit fund balance of \$12,092,493 as of June 30, 2018. My opinion is not modified with respect to this matter. See Note 17 regarding Penn Hills School District's financial recovery status.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages iv-xiv, and the other required supplementary information on pages 54-58, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

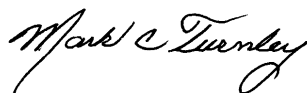

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Penn Hills School District's basic financial statements. The other supplementary information on pages 48-53 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

***Other Information (Continued)***

The other supplementary information and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the other supplementary information and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, I have also issued my report dated March 22, 2019 on my consideration of the Penn Hills School District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Penn Hills School District's internal control over financial reporting and compliance.

**PENN HILLS SCHOOL DISTRICT  
MANAGEMENT DISCUSSION AND ANALYSIS  
REQUIRED SUPPLEMENTARY INFORMATION (RSI)  
FISCAL YEAR ENDING JUNE 30, 2018**

## **INTRODUCTION**

The discussion and analysis of the Penn Hills School District's financial performance provides an overall review of the district's financial activities for the fiscal year ended June 30, 2018. This discussion and analysis present the district's financial performance as a whole. The financial statements and the notes to the financial statements provide a more detailed look at the finances for the 2017-2018 school year.

The Management Discussion and Analysis (MD&A) is a requirement of the Comprehensive Annual Financial Report (CAFR) conforming to the model adopted by the Governmental Accounting Standards Board (GASB) in Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments issued June 1999. GASB 34 requires a comparison of certain information between the current year and the prior year.

## **FINANCIAL HIGHLIGHTS**

Key financial highlights for the 2017-18 fiscal year are as follows:

- The District's total governmental and business-type activities liabilities and deferred inflows of resources exceeded total assets and deferred outflows of resources as of June 30, 2018 by \$153,215,718 (net position – deficit). This was a decrease of \$5,487,695 over June 30, 2017. This deficit is mainly the result of the District's implementation of GASB Statement No. 68 '*Accounting and Financial Reporting for Pensions*' during the 2014-2015 fiscal year. The District is now required to recognize their proportionate share of the Pennsylvania School Employees Retirement System (PSERS) overall net pension obligation. For the Penn Hills School District, this liability stands at \$101,514,380 for governmental activities and \$3,139,620 for business-type activities as of June 30, 2018.
- Total revenues were \$88,910,511 for all governmental funds of which the general fund accounted for \$88,875,652 worth of revenues. Excluding other financing sources such as bond/Note proceeds, this represents an increase of \$4,790,968 from the prior fiscal year.
- The School District had \$89,967,258 in expenditures for the General Fund (excluding other financing uses) which represents an increase of \$1,630,656 from the prior fiscal year.
- At the end of the current fiscal year, the fund balance of the General Fund was a deficit \$12,092,493 of which \$583,984 is non-spendable for prepaid expenditures applicable to the 2018-2019 fiscal year. This represents a decrease of \$1,082,950 from the prior fiscal year.

FISCAL YEAR ENDING JUNE 30, 2018**

**OVERVIEW OF FINANCIAL STATEMENTS**

**Government-wide Statements**

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how they have changed. Net position, the difference between the District's assets and liabilities, are one way to measure the District's financial health or position.

Over time, increases or decreases in the District's net position are an indication of whether its financial health is improving or deteriorating, respectively.

To assess the overall health of the District, the reader needs to consider additional non-financial factors, such as changes in the District's property tax base and the performance of the students.

The government-wide financial statements of the District are divided into two categories:

- **Governmental activities** – All of the District's basic services are included here, such as instruction, student support, administration and community services. Property taxes, state and federal subsidies, and grants finance most of these activities.
- **Business type activities** –The District operates a food service operation and charges fees to students, staff and visitors to help it cover the costs of the food service operation.

**Fund Financial Statements**

The District's fund financial statements, which begin on Page 3, provide detailed information about the most significant funds – not the District as a whole. Some funds are required to be reported separately by state law and by bond requirements.

**Governmental funds** – Most of the District's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Proprietary funds** – These funds are used to account for the District activities that are similar to business operations in the private sector; or where the reporting is on determining net income, financial position, changes in financial position, and a significant portion of funding through user charges. When the District charges customers for services it provides – whether to outside customers or to other units in the District – these services are generally reported in proprietary funds. The Food Service Fund is the District's proprietary fund and is the same as the business-type activities we report in the government-wide statements, but provide more detail and additional information, such as cash flows.

**Fiduciary funds** - The District is the trustee, or fiduciary, for student activity funds. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position on Page 11. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations.

The change in deferred outflows of resources, deferred inflows of resources, and long-term liabilities are partly the result of the updated valuation from PSERS as required under GASB Statement No. 68 that requires the District to recognize their proportionate share of the Pennsylvania School Employees Retirement System (PSERS) overall net pension obligation, which for the Penn Hills School District, totals \$104,654,000. The change in long-term liabilities is primarily the result of the implementation of GASB Statement No. 75 "Accounting and Financial Reporting for Post-employment Benefits other than Pensions" ("OPEB"). This new statement requires the District to recognize their proportionate share of the Pennsylvania School Employees Retirement System (PSERS) overall net OPEB obligation (similar to pension), as well as the District's net OPEB obligation. The combination of these two net OPEB liabilities totals \$17,036,130 as of June 30, 2018. Capital assets and the related net investment in capital assets increased as a result of an updated fixed asset appraisal conducted by the District applicable to the 2017-2018 fiscal year.

The results of this year's operations as a whole are reported in the Statement of Activities on Page 2. All expenses are reported in the first column. Specific charges, grants, revenues and subsidies that directly relate to specific expense categories are represented to determine the final amount of the District's activities that are supported by other general revenues. The two largest general revenues are the Basic Education Subsidy provided by the State of Pennsylvania, and the local taxes assessed to community taxpayers.

This table also shows the net costs offset by the other unrestricted grants, subsidies and contributions to show the remaining financial needs supported by local taxes and other miscellaneous revenues.

**THE DISTRICT FUNDS**

At June 30, 2018, the District's governmental funds reported a combined deficit fund balance of \$12,073,431 compared to a deficit balance of \$10,988,686 for the year ended June 30, 2017. The main reason for the increase in deficit was related to the overall general operations of the General Fund where expenditures exceeded revenues by \$1,082,950. The District's debt service fund maintained a fund balance of \$19,062 as of June 30, 2018. The following is additional information concerning revenues, expenses and fund balance.

**REVENUES**

The revenues received into the general fund during 2017-2018 came from three major sources (not including other financing sources): local, state, and federal revenues. Of total revenues, local revenues account for 54%, state revenues are 41% and federal revenues only 5%.

Local revenues can be grouped in two major categories, tax revenues and non-tax revenues. Local real estate tax accounted for 81% of total tax revenues and 78% of total local revenues in 2017-2018. Other forms of tax revenue include earned income tax, local service tax, business privilege tax, mercantile tax, real estate transfer tax and delinquent tax collections. Tax revenue increased in the 2017-2018 fiscal year by approximately \$2,156,209. The increase was most notable in current real estate tax collections, which increased by \$1,600,191. Non-tax revenues, including federal monies received through the intermediate unit, athletic admissions and fees, interest earnings, tuition from other PA school districts and other miscellaneous revenues accounted for 4.4% of total local revenues.

Basic education subsidy and special education subsidy are the two largest sources of state revenue with basic education subsidy providing 46% of the total and special education subsidy providing 9.2% of the total. Subsidies increased overall by \$2,041,878 primarily due to a new educational empowerment subsidy of \$2,000,000.

Federal revenues accounted for just 5% of the total revenues, and increased from 2016-2017 by \$675,414. This increase was primarily due to an increase of \$602,446 in Title I grant monies.

The 2017-2018 general fund revenues (excluding other financing sources) increased by \$4,551,019 from the past fiscal year as follows:

**GENERAL FUND BUDGET**

During the fiscal year, the Board of School Directors (The Board) authorizes revisions to the original budget (transfers) to accommodate differences from the original budget to the actual expenditures of the District. A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided on Page 7 of the financial statements.

The District applies for federal, state, and local grants and these grants cannot always be anticipated exactly during the budget development process.

MANAGEMENT DISCUSSION AND ANALYSIS  
REQUIRED SUPPLEMENTARY INFORMATION (RSI)  
FISCAL YEAR ENDING JUNE 30, 2018**

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**CAPITAL ASSETS**

At June 30, 2018, the District had \$147,110,707 invested in a broad range of capital assets, including land, buildings and furniture and equipment, net of depreciation. This amount represents a net increase (including additions, deletions and depreciation) of \$11,875,151 from 2016-2017 which is mainly the result of a new fixed asset valuation performed for the 2017-2018 fiscal year.

**DEBT ADMINISTRATION**

As of July 1, 2017, the District had total outstanding bond, note, and lease principal of \$171,396,174 on its General Obligation Bond and Note Issues and Lease Purchase Obligations. During the 2017-2018 fiscal year, the District issued General Obligation Notes, Series of 2017 in the amount of \$21,395,000; \$18,850,000 of the proceeds were used to refund the Series 2014 bond issue. The District made other payments against principal during the year 2017-2018 fiscal year of \$220,000. At June 30, 2018 the District had outstanding debt of \$171,409,710.

Other long-term obligations include accrued vacation pay and sick leave for specific employees of the District, as well as retiree health insurance, and net pension obligations. More detailed information about our long-term liabilities is included in Notes 10, 11, and 13 to the financial statements.

**MAJOR FINANCIAL ISSUES**

The Penn Hills School District continues to face a financial burden above and beyond what most districts are experiencing due to the construction of two mega-sized schools that were completed in 2012 and 2014. As reported by PA Auditor General Eugene DePasquale in 2016, the District had no plan in place to pay for these expenditures before construction began and relied almost exclusively on borrowed funds. The resulting debt service obligation is excessive and continues to present a challenge. The District has limited options available to it at this time and has already refinanced its debt once to try and make the payments more affordable. A grand jury report was released by the Allegheny County District Attorney's Office on February 5, 2019. That report reiterated concerns previously expressed by PA Auditor General Eugene DePasquale in 2016 regarding the heavy burden of our debt-service obligation.

On January 16, 2019, the Pennsylvania Department of Education notified District Administration that the Penn Hills School District was being moved to Financial Recovery status. Accordingly, a Chief Recovery Officer was designated and began on-site work at the District shortly thereafter. Michael Lamb, CPA/Technical Advisor assigned by the Pennsylvania Department of Education in 2017, remains involved and is working in conjunction with Dr. Daniel Matsook, our new Chief Recovery Officer and our Business Manager Eileen Navish.

In accordance with Act 141, Dr. Matsook is leading development of a multi-year Financial Recovery Plan that will be presented to the Penn Hills Board of School Directors and Pennsylvania Department of Education April 2019. That plan will include and commit the District to specific strategies aimed at eliminating our negative fund balance.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**JUNE 30, 2018**

**Total Fund Balances - Governmental Funds** **\$ (12,073,431)**

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources, and therefore, are not reported as assets in governmental funds. The cost of assets is \$185,307,797, and the accumulated depreciation is \$38,027,380. 147,280,417

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.

|                                                    |             |

**TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS** **\$ (1,084,745)**

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense (\$4,170,227) exceeds net capital outlays (\$43,000) in the period. (4,127,227)

Governmental funds report district pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense. 375,924

Proceeds from the disposition of fixed assets are recognized as revenue in the governmental funds, however these proceeds are netted against the remaining book value of these fixed assets in the statement of activities to recognize a gain or <loss> on the disposition of these assets. (680,936)

Bond proceeds are recognized as revenues in the governmental funds. These proceeds are recognized as long-term liabilities in the government-wide financial statements. (21,395,000)

Repayment of bond, note, and lease purchase obligation principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. 19,070,000

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. (158,942)

Bond and note discount costs are reported in governmental funds as expenditures. However, in the statement of activities, these costs are capitalized and amortized over the life of the note as interest expense. (274,982)

Bond and note premiums are reported in governmental funds as revenues. However, in the statement of activities, these premiums are capitalized and amortized over the life of the bond and note issues as credit to interest expense. 395,460

Deferred interest on bond refundings is recognized in the government-wide financial statements when bonds are refunded and amortized over the life of the bond issue as interest expense. 1,219,686

In the statement of activities, certain operating expenses - compensated absences, retiree incentives, and health benefits - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid). This year, the amount of these benefits earned exceeded the amount paid. 1,131,467

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Penn Hills School District was established under the authority of an act of the state legislature that designated a school board as the governing body. This district serves the Municipality of Penn Hills. The School District operates under a locally-elected nine-member Board form of government and provides educational services as mandated by the Commonwealth of Pennsylvania and selected federal agencies. The Board of Education has complete authority over the operations and administration of the school district's activities.

The financial statements of the Penn Hills School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The most significant of the School District's accounting policies are as follows:

**REPORTING ENTITY**

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure the financial statements are not misleading. The primary government of the Penn Hills School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. As defined by GASB Statement No. 14, component units are legally separate entities that are included in the School District's reporting entity because of the significance of their operating or financial relationships with the School District. Based on the application of these criteria, the Penn Hills School District has no component units.

The School District is associated with two jointly governed organizations (Note 12) and one public entity risk pool (Note 15). These organizations are:

- Jointly Governed Organizations:
  - Forbes Road Career & Technology Center
  - Allegheny Intermediate Unit
- Public Entity Risk Pool:
  - Allegheny County Schools Health Insurance Consortium

**BASIS OF PRESENTATION**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS** – The statement of net position (Exhibit A) and the statement of activities (Exhibit B) display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the School District that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. That is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliations (Exhibit D and F) with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BASIS OF PRESENTATION (Continued)**

The government-wide statement of activities (Exhibit B) presents a comparison between direct expenses and program revenues for the District's business-type activities (food service operations) and for each function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants, subsidies and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the School District. The comparison of direct expenses with program revenues identifies the extent to which the business-type activity or government function is self-financing or draws from the general revenues of the School District.

**FUND FINANCIAL STATEMENTS** – Fund financial statements report detailed information about the School District. Under GASB Statement No. 34, the focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Major funds represent the District's most important funds and are determined based on percentages of assets, liabilities, revenues, and expenditures/expenses. For the Penn Hills School District, the General Fund is always considered a major fund. Each major fund is presented in a separate column. Non-major funds, if any, would be segregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses, and changes in fund net position presents increases (revenues) and decreases (expenses) in total net position. The statement of cash flows provides information about how the School District finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds are reported using the economic resources measurement focus.

**FUND ACCOUNTING**

The School District uses funds to report on its financial position and the results of its operations during the year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school district functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary and fiduciary. Fund categories are defined as follows:

**Governmental Funds** – Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the School District's major and non-major governmental funds:

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND ACCOUNTING (Continued)**

**MAJOR GOVERNMENTAL FUNDS:**

**GENERAL FUND** - The general fund is used to account for all financial resources not required to be accounted for in some other fund. The general fund balance is available for any purpose provided it is expended according to the Commonwealth of Pennsylvania Public School Code.

**CAPITAL PROJECT FUND** - The capital project fund accounts for financial resources used for the acquisition of capital assets and capital improvements, as deemed necessary by the Board of Education.

**DEBT SERVICE FUND** - The debt service fund is used to account for financial resources accumulated and payment of principal and interest on the District's long-term debt obligations.

**Proprietary Funds** - used to account for activities similar to those found in the private sector, where the determination of net income is necessary and useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies within the school district (internal service funds). The School District's major and sole enterprise fund is its Food Service Fund that accounts for the financial transactions related to the food service operations of the District.

**Fiduciary Funds** – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Agency funds are custodial in nature and do not involve measuring income or any other results from operations. The District's Agency Fund is comprised of the various student organization activity accounts administered by the District on behalf of the various student organizations.

**BASIS OF ACCOUNTING AND MEASUREMENT FOCUS**

The basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Government funds use the modified accrual basis of accounting. Proprietary and fiduciary funds use the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year-end.

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BASIS OF ACCOUNTING AND MEASUREMENT FOCUS (Continued)**

Revenue resulting from non-exchange transactions, in which the School District receives value without directly giving equal value in return, includes property taxes, grants and contributions. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants and contributions are recognized in the fiscal year in which all eligibility requirements have been satisfied. On a modified accrual basis, revenue from non-exchange transactions must also be 'available' before it can be recognized.

The management of the Penn Hills School District has determined that the revenues most susceptible to accrual (measurable and available) at June 30, 2018 under the modified accrual basis are **1)** certain Act 511 taxes for the month of June, **2)** federal and state subsidies earned in the fiscal year 2017-2018, and **3)** other miscellaneous revenues earned in fiscal year 2017-2018 but received subsequent to June 30, 2018.

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. The primary expenditures deemed susceptible to accrual at June 30, 2018 are those for which the Board of Education's intention was to expense these items as budgeted for the 2017-2018 official budget, and for which the District has incurred an obligation, but has not paid as of June 30, 2018.

Allocations of cost such as depreciation, are not recognized in governmental funds but are included as part of expenses in the government-wide statement of activities.

**BUDGETS**

In June of 2017, the Penn Hills School District adopted its fiscal year June 30, 2018 annual budget for the General Fund totaling \$84,402,489 in accordance with the provisions of the Pennsylvania School Code. The budget is prepared utilizing the modified accrual method of accounting. Budgetary transfers among various expenditure line items can be performed by the district, as approved by the Board of Education, only during the last nine months of the fiscal year. The original and adjusted budgetary amounts are reflected in these financial statements (Exhibit G). Actual General Fund expenditures exceeded budgeted expenditures for the 2017-2018 fiscal year. All annual appropriations of the general fund lapse at fiscal year-end.

**CASH AND CASH EQUIVALENTS**

For the purpose of these basic financial statements, cash and cash equivalents include amounts in demand deposit accounts, and any other highly liquid, short-term investments, with original maturity terms of less than three months.

**INVESTMENTS**

Under Section 440.1 of the Pennsylvania Public School Code of 1949, as amended, and PA Act 10 of 2016, Penn Hills School District is permitted to invest funds consistent with sound business practices in the following types of investments:

**PENN HILLS SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**INVESTMENTS (Continued)**

- I. Obligations of (a) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (b) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth of Pennsylvania, or (c) of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.
- II. Deposits in savings accounts, time deposits and share accounts of institutions insured by the Federal Deposit Insurance Corporation (FDIC) to the extent that such accounts are so insured and, for any amounts above the insured maximum, provided that approved collateral, as provided by law, is pledged by the depository.
- III. U.S. government obligations, short-term commercial paper issued by a public corporation, and banker's acceptances.

**SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as 'due from/to other funds' on the governmental funds balance sheet. For the purposes of the government-wide statement of net position, governmental interfund receivables and payables have been eliminated. Amounts due between governmental activities and business-type activities, if any, are presented as off-setting internal balances on the statement of net position.

**INVENTORIES**

Inventories on the government-wide statement of net position (Exhibit A) and the proprietary fund statement of net position (Exhibit H) are recorded at fair value on a first-in first-out basis. This inventory consists of donated commodities from the U.S. Department of Agriculture as part of the food service program. The School District does not inventory the cost of such items as books and supplies, but rather records these items as expenditures in the governmental funds and an expense in the government-wide statement of activities at the time of purchase.

**CAPITAL ASSETS AND DEPRECIATION**

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets are reported in the governmental activities column of the government-wide statement of net position. Capital assets used by the proprietary fund are reported in both the business-type activity column of the government-wide statement of net position and on the proprietary fund statement of net position.

All capital assets are recorded at cost (or estimated historical cost). Donated fixed assets are recorded at fair value at the time of receipt. The School District maintains a capitalization threshold of \$1,500. The cost of infrastructure is included as part of site improvements in the government-wide statement of net position. Routine repair and maintenance costs that do not add to the value of the asset or extend its useful life are charged as an expense in the government-wide statement of activities.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**CAPITAL ASSETS AND DEPRECIATION (Continued)**

All reported capital assets, except land and construction in progress, are depreciated using the straight-line method over the following useful lives:

| <b><u>CATEGORY</u></b>       | <b><u>GOVERNMENTAL<br/>ACTIVITIES</u></b> |
|------------------------------|-------------------------------------------|
| Land Improvements            | 15-20 years                               |
| Buildings and Improvements   | 20-50 years                               |
| Furniture and Equipment      | 5-15 years                                |
| Vehicles                     | 5-10 years                                |
| Library Books and Text Books | 5 years                                   |

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Capital assets purchased by governmental funds are recorded as expenditures in the fund financial statements (Exhibit E). The results of capitalizing fixed assets net of depreciation on the government-wide statement of net position and statement of activities, as opposed to recording these same assets as an expenditure in the fund financial statements (Exhibit E), is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**LONG-TERM DEBT FINANCING COSTS**

Bond and note issue costs are recorded as expenditures in the governmental fund financial statements in the year paid. The School District incurred \$1,246,672 in long-term debt financing costs during the 2017-2018 fiscal year in connection with the issuance of its General Obligation Notes, Series of 2017 as reflected on Exhibit E.

**COMPENSATED ABSENCES**

The School District reports compensated absences in accordance with the provisions of GASB Statement No. 16, 'Accounting for Compensated Absences'. Participants of the Penn Hills Education Association are entitled to accumulated unused sick reimbursement at the rate of \$100 per day up to 300 days upon retirement. Secretaries and aides are entitled to accumulated unused sick day reimbursement at the rate of \$60 per day for full time employees and \$30 per day for part time employees up to 250 days upon retirement or death. Confidential Executive Secretaries are reimbursed at the rate of \$100 per day up to 220 days upon retirement or death. Plant employees who are members of AFSCME, Local 1314 are entitled to accumulated unused sick reimbursement at the rate of \$70 per day up to 220 days upon retirement or death. They are also entitled to receive vacation earned in the final year of employment. Food service employees who are members of AFSCME, Local 1314 are entitled to accumulated unused sick reimbursement at the rate of \$60/\$50/\$40 per day up to 180 days upon retirement or death.

Act 93 members are entitled to accumulated unused sick day reimbursement at the rate of \$150 per day up to 300 days. Sick leave benefits are accrued as a liability at the time individuals become eligible for retirement in accordance with the terms of the District's collective bargaining agreements. The entire compensated absences liability of \$2,908,845 is shown as a non-current liability in the government-wide statement of net position. For governmental fund financial statements, compensated absences are recorded as expenditures when paid rather than accrued when earned as the likelihood of payment in the immediate fiscal year with available expendable resources is not assured.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**PENSIONS**

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS), and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investment assets are reported at fair value. More information on pension activity is included in Note 11.

**OTHER POSTEMPLOYMENT BENEFITS**

For the purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS), and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investment assets are reported at fair value. More information on other postemployment benefits activity is included in Note 13.

**ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. For the business-type activities, these obligations and all similar obligations are reported again on the proprietary fund statement of net position (Exhibit H).

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, the non-current portion of compensated absences and retiree health benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, liabilities that mature or come due for payment during the fiscal year are considered to have been paid with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements when due. The District's General Fund is typically used to liquidate long-term liability obligations.

The results of recognizing these long-term obligations as liabilities on the government-wide statement of net position and statement of activities, as opposed to recording these same obligations as an expenditure in the fund financial statements (Exhibit E) only when paid, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**UNEARNED REVENUE**

Unearned Revenue arises when the District receives resources before it has legal claim to them. This occurs when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the School District has a legal claim to the resources, the unearned revenue liability is removed and revenue is recognized.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES**

In addition to assets and liabilities, the statement of net position and/or the balance sheet will sometimes report a separate section for deferred outflows and/or inflows of resources. These separate financial statement elements represent a decrease and/or increase in net position that applies to a future period and will not be recognized as an outflow and/or inflow of resources (expense/expenditure or income/revenue) in the current period.

**NET POSITION**

Net position is classified into three categories according to external donor or legal restrictions or availability of assets to satisfy District obligations. Net position is classified as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets net of accumulated depreciation, and reduced by the outstanding balances of debt that is attributable to the acquisition, construction and improvement of the capital assets, plus deferred outflows of resources less deferred inflows of resources related to those assets.
- Restricted Net Position – This component of net position consists of restricted assets reduced by liabilities and deferred inflows related to those assets.
- Unrestricted – Consists of net position that does not meet the definition of ‘restricted’ or ‘net investment in capital assets’. The District has a deficit net position of \$153,215,718 at June 30, 2018.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the School District’s policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

**FUND EQUITY**

In the Balance Sheet – Governmental Funds (Exhibit C), fund balances are reported in specific categories to make the nature and extent of the constraints placed on any entity’s fund balance more transparent in accordance with GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance – amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact. The non-spendable fund balance of \$583,984 represents July of 2018 insurance coverage applicable to 2018-2019 fiscal year paid in June of 2018.
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and high levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance – amounts constrained to specific purposes by the School District itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the School District takes the same highest-level action to remove or change the constraint.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND EQUITY (Continued)**

- Assigned fund balance – amounts the School District intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. The Board of Education has assigned \$19,062 for future debt service payments.
- Unassigned fund balance – amounts that are available for any purpose. The District had a deficit General Fund balance of \$12,092,493 at June 30, 2018.

Act 48 of 2003 prohibits school districts from increasing real property taxes for the school year 2006-2007 or any subsequent school year, unless the school district has adopted a budget for such school year the includes an estimated ending unassigned fund balance which is not more than a specified percentage of the district's total budgeted expenditures. For the Penn Hills School District, estimated ending unassigned fund balance must not exceed 8% of total budgeted expenditures.

The School District establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. The Board of Education has authority to assign fund balance.

When expenditures/expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the District's general policy to spend the committed resources first, followed by assigned amounts and then unassigned amounts.

**ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires the District's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**OPERATING REVENUES AND EXPENSES**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the Penn Hills School District, these revenues are food service charges for lunch and breakfast service. Operating expenses are the necessary costs incurred to provide the aforementioned food service. Non-operating revenues of the District's food service proprietary fund are **1)** investment earnings and **2)** state and federal subsidies, including donated commodities, received from the U.S. Department of Agriculture. The District did not have non-operating expenses during the fiscal year.

**ADOPTION OF GASB PRONOUNCEMENTS**

The requirements of the following GASB Statements were adopted for the School District's 2017-2018 financial statements. Except where noted, the adoption of these pronouncements did not have a significant impact on the School District's financial statements.

GASB issued Statement No. 75, *"Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions"*. The primary objective of this Statement is to address reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments. This Statement replaces the requirements of Statement No. 45. The effects on the School District's net position of adopting this GASB statement are detailed in Note 18.

GASB issued Statement No. 81, *"Irrevocable Split-Interest Agreement"*. The primary objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement.

GASB issued Statement No. 85, *'Omnibus 2017'*. The primary objective of this Statement is to improve consistency in accounting and financial reporting by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

GASB issued Statement No. 86, *'Certain Debt Extinguishment Issues'*. The primary objective of this Statement is to improve consistency in accounting and financial reporting for certain debt extinguishments and to enhance the decision-usefulness of that information.

**PENDING GASB PRONOUNCEMENTS**

In November of 2016, the GASB issued Statement No. 83, *'Certain Asset Retirement Obligations'*. The primary objective of this Statement is to provide financial statement users with information about 'asset retirement obligations (ARO) that were not addressed in GASB Standards by establishing uniform accounting and financial reporting requirements for these obligations. The provisions of this Statement are effective for the School District's June 30, 2019 financial statements.

In January of 2017, the GASB issued Statement No. 84, *'Fiduciary Activities'*. The primary objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. This Statement also is intended to improve the usefulness of fiduciary activity information primarily for assessing the accountability of governments in their roles as fiduciaries. The provisions of this Statement are effective for the School District's June 30, 2020 financial statements.

In June of 2017, the GASB issued Statement No. 87, *'Leases'*. The primary objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases; enhancing the comparability of financial statements between governments; and also enhancing the relevance, reliability (representational faithfulness), and consistency of information about the leasing activities of governments. The provisions of this Statement are effective for the School District's June 30, 2021 financial statements.

**PENDING GASB PRONOUNCEMENTS**

In March 9 of 2018, the GASB issued Statement No. 88, '*Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*'. The primary objective of this Statement is to improve consistency in the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements, and to provide financial statement users with additional essential information about debt. The provisions of this Statement are effective for the School District's June 30, 2019 financial statements.

In June of 2018, the GASB issued Statement No. 89, '*Accounting for Interest Cost Incurred before the end of a Construction Period*'. The primary objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and, (b) to simplify accounting for certain interest costs. The provisions of this Statement are effective for the School District's June 30, 2021 financial statements.

In August of 2018, the GASB issued Statement No. 90, '*Majority Equity Interests (an amendment of GASB Statements No. 14 and No. 61)*'. The primary objectives of this Statement are to improve consistency in the measurement and comparability of the financial statement presentation of majority equity interests in legally separate organizations and to improve the relevance of financial statement information for certain component units. The provisions of this Statement are effective for the School District's June 30, 2020 financial statements.

The effects of implementing the aforementioned GASB Statements on the School District's financial statements have not yet been determined.

**NOTE 2 - CASH DEPOSITS**

The following represents the bank balance and carrying value for the Penn Hills School District's cash and cash equivalents at June 30, 2018:

|                   | <b><u>Bank<br/>Balance</u></b> | <b><u>Carrying<br/>Value</u></b> |
|-------------------|--------------------------------|----------------------------------|
| General Fund      | \$ 1,133,512                   | \$ -                             |
| Debt Service Fund | 309,912                        | 309,912                          |
| Enterprise Fund   | 17,771                         | 17,451                           |
| Agency Fund       | 161,293                        | 157,702                          |
| <b>Totals</b>     | <b>\$ 1,622,488</b>            | <b>\$ 485,065</b>                |

The difference between the bank balance and carrying value represents year-end reconciling items such as deposits in transit and outstanding checks, and petty cash. As of June 30, 2018, the General Fund cash overdraft balance of \$1,544,877 is shown as part of current liabilities on the governmental funds balance sheet (Exhibit C). The Federal Deposit Insurance Corporation (FDIC) coverage threshold for government accounts is \$250,000 per official custodian. This coverage includes checking and savings accounts, money market deposits accounts, and certificates of deposit.

**NOTE 2 - CASH DEPOSITS (Continued)**

**Custodial Credit Risk:**

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's policy is to invest funds consistent with sound business practices evaluating each investment opportunity in terms of risk, yield, liquidity, and legal restrictions as allowable by law or regulations. As of June 30, 2018, \$1,061,272 of the District's bank balance total with PNC Bank is exposed to custodial credit risk as this amount represents uninsured deposits collateralized with securities held by the pledging financial institution or by its trust department or agent, but not in the District's name. In accordance with Act Number 72-1971 Session of the Commonwealth of Pennsylvania, the aforementioned deposits, in excess of \$250,000, are collateralized by securities pledged to a pooled public funds account with the Federal Reserve System.

The above bank balance totals include \$309,912 held with the Bank of New York Mellon in a short-term cash reserve account for the District's Debt Service Fund, and \$1,304 held with the Pennsylvania School District Liquid Asset Fund (PSDLAF) as part of the District's General Fund. The purpose of the Pennsylvania School District Liquid Asset Fund (PSDLAF) is to enable their available funds for investments authorized under the Intergovernmental Cooperation Act of 1972. The funds operate in a manner consistent with the SEC's Rule 2(a)7 of the Investment Company Act of 1940. The funds use amortized cost to report net position to compute share prices. These funds maintain net asset values of \$1 per share. Accordingly, the fair value of the position in these funds is the same as the value of these shares.

**NOTE 3 - PROPERTY TAXES**

The Penn Hills School District levies property taxes July 1st of each fiscal year. The tax millage assessment for the 2017-2018 fiscal year was 27.557 mills, which represents \$27.557 of revenue for every \$1,000 of assessed property value. Taxpayers are entitled to a 2% discount if taxes are paid prior to August 31st. Collections beginning November 1st are assessed a 10% penalty. Unpaid taxes are submitted to the Municipal Revenue Service for collection. Tax collectors are required under Act 169 of the Commonwealth of Pennsylvania to submit a reconciliation of their tax duplicate to the District by January 15<sup>th</sup> of the year following levy.

The final tax collector reconciliations reflected \$3,710,945 in unpaid 2018 property taxes, which represents 9.0% of the total assessed property taxes (\$41,296,331) for the current fiscal year (See Note 16 – Sale of Tax Claims).

**NOTE 4 – TAXES RECEIVABLE**

Taxes receivable are comprised of the following at June 30, 2018:

|                              |                   |
|------------------------------|-------------------|
| Earned Income Taxes          | \$ 49,560         |
| Delinquent Real Estate Taxes | 42,984            |
| Deed Transfer Taxes          | 59,724            |
| Local Service Taxes          | 254               |
|                              | <u>\$ 152,522</u> |

**NOTE 5 – DUE FROM OTHER GOVERNMENTS**

The amount of 'due from other governments', as reflected on the government-wide statement of net position (Exhibit A), the governmental funds balance sheet (Exhibit C), and the proprietary fund statement of net position (Exhibit H), is comprised of the following:

|                               | <b><u>GOVERNMENTAL<br/>ACTIVITIES</u></b> | <b><u>BUSINESS-TYPE<br/>ACTIVITIES</u></b> |
|-------------------------------|-------------------------------------------|--------------------------------------------|
| Allegheny Intermediate Unit   | \$ 222,961                                | \$ -                                       |
| Commonwealth of Pennsylvania: |                                           |                                            |
| State Subsidies               | 2,915,003                                 | 11,754                                     |
| Federal Pass-Through Grants   | 147,396                                   | 246,573                                    |
|                               | <u>\$ 3,285,360</u>                       | <u>\$ 258,327</u>                          |

**NOTE 6 – OTHER RECEIVABLES**

The amount of 'other receivables', as reflected on the government-wide statement of net position (Exhibit A), represents 1) \$170,731 due the District's General Fund for miscellaneous billings to third-party vendors for services rendered by the District on or prior to June 30, 2018, and 2) \$109,642 in special function billings due the District's Food Service Fund for services rendered on or prior to June 30, 2018.

**NOTE 7 – INTER-FUND RECEIVABLES/PAYABLES/TRANSFERS**

Inter-fund receivables and payables as reflected on the governmental funds balance sheet (Exhibit C) and the proprietary fund statement of net position (Exhibit H) are as follows:

|                   | <b><u>RECEIVABLE</u></b> | <b><u>PAYABLE</u></b> |
|-------------------|--------------------------|-----------------------|
| General Fund      | \$ 295,258               | \$ -                  |
| Debt Service Fund | -                        | 290,850               |
| Food Service Fund | -                        | 4,408                 |
|                   | <u>\$ 295,258</u>        | <u>\$ 295,258</u>     |

The amount due from the Debt Service Fund to the General Fund represents excess interest paid on the District's refunded Series of 2014 general obligation bond issue. The amount due from the Food Service Fund to the General Fund is for general operating costs. All interfund payables are expected to be paid during the 2018-2019 fiscal year.

**NOTE 8 – UNEARNED REVENUES**

Unearned revenue totaling \$123,025, as reflected on the statement of net position (Exhibit A), is comprised of 1) unearned federal grant funds (Title I, II, IV) totaling \$97,060 of the District's General Fund, and 2) \$1,408 in student advance meal payments and \$24,557 in unearned donated commodity inventory of the District's Food Service Fund.

The District has defeased various bond issues by entering into irrevocable trust agreements with The Bank of New York Mellon to purchase U.S. Government Securities in amounts sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the total amount of defeased debt outstanding is removed as a liability from the District's statement of net position as of June 30, 2018.

The difference between the District's defeased debt and the reacquisition prices (amounts deposited with escrow agent for refunding purposes) totaling \$1,894,235, is considered 'deferred interest' and is being amortized over the life of the new bond issues. The remaining amount of deferred interest on refunding totaling \$1,568,355 is reflected as a component of 'deferred outflows of resources' in the governmental activities column on the government-wide statement of net position. Total amortization for the 2017-2018 fiscal year was \$73,588 and was charged to the 'interest on long-term debt' expense category in the statement of activities.

In connection with the School District's various general obligation bond issues, the District paid bond discount costs which are being amortized on a straight-line basis over the life of the various bond issues. The unamortized amount of bond discount totaling \$908,275 is reflected as a component of 'Bonds Payable – Long-Term Portion (Net)' in the governmental activities column on the government-wide statement of net position. Amortization expense for the year ended June 30, 2018 was \$274,982. This amount was charged to the 'Interest on Long-Term Debt' expense category in the statement of activities.

The School District's various general obligation bond issues were issued at premiums which are being accreted as a component of interest expense on a straight-line basis over the life of the bond issues. The un-accreted amount of bond premiums totaling \$2,598,810 is reflected as a component of 'Bonds Payable – Long-Term Portion (Net)', in the governmental activities column on the government-wide statement of net position. Premium accretion for the year ended June 30, 2018 was \$395,457. This amount was credited to the 'Interest on Long-Term Debt' expense category in the statement of activities.

**NOTE 11 - PENSION PLAN**

**PSERS**

The Penn Hills School District participates in the Public School Employees' Retirement System (PSERS). PSERS is a component unit of the Commonwealth of Pennsylvania. A brief description of the plan, and summary of the plan's provisions, are as follows:

**Plan Description**

PSERS is a governmental cost-sharing multiple-employer defined-benefit plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at [www.psers.state.pa.us](http://www.psers.state.pa.us).

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**

**NOTE 11 - PENSION PLAN (Continued)**

**Benefits Provided**

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with a least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F).

To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of three years of service or attain a total combination of age and service that is equal to or greater than ninety-two with a minimum of thirty-five years of service. Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

**Contribution Rates**

**Member Contributions** - Active members who joined the System prior to July 22, 1983, contribute at 5.25% (Membership Class TC) or at 6.5% (Membership Class TD) of the member's qualifying compensation. Members who joined the System on or after July 22, 1983 and who were active or inactive as of July 1, 2001, contribute 6.25% (Membership Class TC) or at 7.5% (Membership Class TD) of the members qualifying compensation. Members who joined the System after June 30, 2001 and before June 1, 2011, contribute at 7.5% (automatic Membership Class TD). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002.

Members who joined the System after June 30, 2011 automatically contribute at the Membership Class T-E rate of 7.5% (base rate) of the member's qualifying compensation. All new hires after June 30, 2011, who elect Class T-F membership, contribute at 10.30% (base rate) of the member's qualifying compensation. Membership Class T-E and Class T-F are affected by a 'shared risk' provision in Act 120 of 2010 that in future years could cause the Membership Class T-E contribution rate to fluctuate between 7.50% and 9.50% and Membership Class T-F contribution rate to fluctuate between 10.3% and 12.30%.

**NOTE 11 - PENSION PLAN (Continued)**

**Contribution Rates (Continued)**

**Employer Contributions** – Contributions required of employers are based upon an actuarial valuation. For fiscal year ended June 30, 2018, the rate of employer's contribution was 31.74% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Per the PSERS Retirement Code, the Commonwealth is required to contribute 50% of the above stated contribution rate directly to PSERS on behalf of the employer. Contributions to the pension plan from the employer were \$9,073,881 for the year ended June 30, 2018.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2017, the School District reported a liability of \$104,654,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2016 to June 30, 2017. The School District's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2017, the School District's proportion was .2119%, which was a decrease of .0122% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the School District recognized pension expense of \$9,221,718. At June 30, 2018, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|                                                                 | <b><u>Deferred Outflows<br/>of Resources</u></b> | <b><u>Deferred Inflows<br/>of Resources</u></b> |

**Changes in Actuarial Assumptions**

The total pension liability as of June 30, 2017 was determined by rolling forward the System's total pension liability as of the June 30, 2016 to June 30, 2017 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – Entry Age Normal – level % of pay
- Investment return – 7.25%, includes inflation at 2.75%
- Salary growth – Effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale

**Investment Asset Allocation**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2017.

**Discount Rate**

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the School's proportionate share of the net pension liability to changes in the discount rate**

The following presents the net pension liability, calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

|                                                                       | <u>1%<br/>Decrease<br/>6.25%</u> | <u>Current<br/>Discount<br/>Rate<br/>7.25%</u> | <u>1%<br/>Increase<br/>8.25%</u> |

**FORBES ROAD CAREER & TECHNOLOGY CENTER**

The Penn Hills School District, in conjunction with nine other School Districts, funds the operating and capital budget of the Forbes Road Career & Technology Center. The Technology Center is designed to teach students trade related professions. Each district's share of tuition is based on the percentage of the district's enrollment to the total enrollment at the Forbes Road Career & Technology Center. A representative from each district's school board sits on the board of the Technology Center. The Penn Hills School District paid \$905,145 in operating subsidy during the 2017-2018 fiscal year. The Forbes Road Career & Technology Center issues separate financial statements annually which can be obtained by contacting the Technology Center directly.

**ALLEGHENY INTERMEDIATE UNIT**

The Penn Hills School District participates with 42 other School Districts and 5 Vocational-Technical schools located in Allegheny County in the Allegheny Intermediate Unit #3 (AIU3). The AIU3 was established in 1971 by Act 102 of the Commonwealth of Pennsylvania to function as a regional educational service agency for 42 school districts, as well as nonpublic schools and other institutions, located within Allegheny County. The AIU3 provides services relative to curriculum development, continuing education, educational planning, instructional materials, pupil personnel, state and federal agency liaison and managerial oversight. The Allegheny Intermediate Unit is governed by a thirteen (13) member board appointed by the 42 participating school districts on a rotating basis. The School District contributed \$60,911 to AIU3 for operating expenses, transportation recovery, and institutionalized children, through state subsidy withholdings, for the year-ended June 30, 2018. The Allegheny Intermediate Unit issues separate financial statements annually which can be obtained by contacting the AIU directly.

**Benefits Provided**

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance eligible retirees must obtain their health insurance coverage through either their school employer or PSER's Health Option Program. As of June 30, 2017, there were no assumed future benefit increases to participating eligible retirees.

**Contributions**

The District's contractually required contribution for the fiscal year ended June 30, 2018 was 0.83% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance any unfunded accrued liability. During the 2017-2018 fiscal year, the Penn Hills School District contributed \$237,282 to the premium assistance program.

**OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At June 30, 2018, the District reported a liability of \$4,317,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the System's total OPEB liability as of June 30, 2016 to June 30, 2017. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2017, the School District's proportion was .2119%, which was a decrease of .0122% from its proportion measured as of June 30, 2016.

**Actuarial assumptions**

The Total OPEB liability as of June 30, 2017, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2016 to June 30, 2017 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial Cost Method – Entry Age Normal – level % of pay
- Investment Return – 3.13% based on the S&P 20 Year Municipal Bond Rate.
- Salary Increases – Effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Participation rate – Eligible retirees will elect to participate Pre-age 65 at 50% and Post Age 65 at 70%
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2015 determined the employer contribution rate for fiscal year 2017.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset Valuation method: Market Value
- Participate Rate: 63% of eligible retirees are assumed to elect premium assistance.
- Mortality rates and retirement ages were based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 for both males and females for healthy annuitants and for dependent beneficiaries. For disabled annuitants, the RP-2000 Combined Disabled Tables with age set back 7 years for males and 3 years for females for disabled annuitants. (A unisex table based on the RP-2000 Combined Healthy Annuitant with age set back 3 years for both genders assuming the population consists of 25% males and 75% females is used to determine actuarial equivalent benefits.)

**Investment Asset Allocation**

Investments consist primarily of short-term assets designed to protect the principal of plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

**Investment Asset Allocation (Continued)**

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code, employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

| <u>Asset Class</u> | <u>Target<br/>Allocation</u> | <u>Long-Term<br/>Expected Real<br/>Rate of Return</u> |
|--------------------|------------------------------|-------------------------------------------------------|
| Cash               | 76.4%                        | 0.60%                                                 |
| Fixed Income       | 23.6%                        | 1.50%                                                 |
|                    | <u>100%</u>                  |                                                       |

For the year ended June 30, 2017, the annual money-weighted rate of return on OPEB plan investments, net of OPEB plan investment expense, was 0.90%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2017

**Discount Rate**

The discount rate used to measure the Total OPEB Liability was 3.13%. Under the plan's funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a "pay-as-you-go" plan. A discount rate of 3.13% which represents the S&P 20-year Municipal Bond Rate at June 30, 2017, was applied to all projected benefit payments to measure the total OPEB liability.

**Sensitivity of the Net OPEB liability to changes in the Discount Rate**

The following presents the net OPEB liability, calculated using the discount rate of 3.13%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.13%) or 1-percentage-point higher (4.13%) than the current rate:

**DISTRICT – POST-RETIREMENT HEALTHCARE BENEFIT PLAN**

**Plan Description**

The District administers a single-employer defined benefit healthcare plan (the Retiree Health Plan). The plan provides healthcare, prescription drug, dental, vision, and/or life for the life of the member, until the member is eligible for Medicare, or up to four or ten years or until age 65, whichever comes first, for eligible retirees, their spouses and/or their dependents through the District's health insurance plan. A Medicare supplement is also provided to grandfathered employees until death. The member is covered until death for life insurance. The Retiree Health Plan covers both active and retired members. Benefit provisions are established through negotiation with the District and the union representing the District's employees.

The Retiree Health Plan does not issue a publicly available financial report. These benefits are accounted for in accordance with GASB Statement No. 75, Accounting and Financial Reporting by Employers for Post-employment Benefits Other Than Pensions.

**DISTRICT – POST-RETIREMENT HEALTHCARE BENEFIT PLAN (Continued)**

**Funding Policy**

The contribution requirements of plan members and the School District are negotiated between the District and the union representatives as part of the collective bargaining agreements. The plan is funded on a pay-as-you-go basis, i.e. premiums are paid monthly to fund the health care benefits provided to current retirees.

A description of the coverages provided to retirees is as follows:

- **Teachers who retired prior to June 30, 1996** – District pays full premium for life insurance of \$5,000 for member only. The District also paid for the full premium for medical and prescription drug and a portion of dental and vision coverage for up to 10 years or until the member reached age 65. Members were responsible for premium costs increases in excess of a yearly maximum. If the 10-year period expires before the member reaches age 65, the member could continue coverage for an additional 5 years by paying the full premium. Once the member reaches Medicare age, the District pays the full premium for the Medicare supplement plan if elected.
- **Administrators who retired prior to July 12, 2001 and teachers who retired on or after October 14, 1996 and before June 30, 2001** – District pays full premium for life insurance of \$5,000 for member only. The District also paid for the full premium for medical and prescription drug and a portion of dental and vision coverage for up to 10 years or until the member reached age 65. Members were responsible for premium costs increases in excess of a yearly maximum. If the 10-year period expires before the member reaches age 65, the member could continue coverage for an additional 5 years by paying the full premium. For grandfathered administrative retirees prior to July 12, 2001, the District pays the full premium for the Medicare supplement plan until the member's death if elected.
- **Administrators who retired on or after July 12, 2001 and on or before June 30, 2007, and teachers who retired on or after July 12, 2001 and on or before June 30, 2007** – District pays full premium for life insurance of \$5,000 for member only. The District also paid for the full premium for medical and prescription drug and a portion of dental and vision coverage for up to 10 years or until the member reached age 65. The member's spouse is covered until the later of 10 years past retirement or member age 65. Members were responsible for premium costs increases in excess of a yearly maximum. If the 10-year period expires before the member reaches age 65, the member and spouse could continue coverage for an additional 5 years by paying the full premium. If the member or spouse reach age 65 before the 10-year period, they switch to a Medicare supplement plan with costs in excess of a predetermined cap to be covered by the member.
- **Administrators who retired on or after July 1, 2008 and on or before June 30, 2009, and either superannuation whereas the member is age 60 with 30 years of service, age 62 with 1 year of service, or 35 years of service of Act 110/43 is met** – District pays full premium for life insurance of \$10,000 for member only. The District pays the premium at the time of retirement for medical, prescription drug, dental, and vision for 1 year for every 4 years of PSERS service for the member and spouse. The District pays premium increases of up to 5% per year. After the District subsidy ends, if the member is under age 65, then the member may continue coverage by paying the full premium.

- **Administrators who retired on or after July 1, 2009 if the requirements of Act 110/43 are met** – District pays full premium for life insurance of \$10,000 for member only. The member may obtain medical, prescription drug, dental, and vision coverage by paying the full premium.
- **Teachers who retired on or after July 1, 2007 if the requirements of Act 110/43 are met** – District pays full premium for life insurance of \$5,000 for member only. The member and spouse may obtain medical, prescription drug, dental, and vision coverage by paying the full premium.
- **Food service staff if the requirements of Act 110/43 are met** – District pays full premium for life insurance of \$3,000 for member only. The member and spouse may obtain medical, prescription drug, dental, and vision coverage by paying the full premium.
- **Plant employees if the requirements of Act 110/43 are met** – District pays full premium for life insurance of \$3,000 for member only. The member and spouse may obtain medical, prescription drug, dental, and vision coverage by paying the full premium. Additional life insurance costs and provisions are included in the plan. If the member is age 62 or older, the District pays the premium for tier of coverage held at the time of retirement for medical and prescription drugs until age 65. For grandfathered retirees, the District pays the full premium for a Medicare supplement plan until the member's death, if elected.
- **Secretarial staff and aides, if either attained the age of 61 with 10 years of service and are eligible for PSERS retirement, or Act 110/43 are met** – District pays full premium for life insurance of \$5,000 for member only. The member and spouse may obtain medical, prescription drug, dental, and vision coverage by paying the full premium. Additional life insurance costs and provisions are included in the plan. If the member is age 61 or older, the District pays the premium for tier of coverage held at the time of retirement for medical and prescription drugs until age 65. For grandfathered retirees, the District also pays the full premium for a Medicare supplement plan until the member's death, if elected.

During the 2017-2018 fiscal year, the Penn Hills School District paid \$1,425,087 for retiree health insurance coverage for 136 participants.

**OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The District's total OPEB liability of \$12,719,130 was measured as of June 30, 2018 and was determined by an actuarial valuation performed as of June 30, 2018. As the District's OPEB Plan is unfunded, the total OPEB liability is equal to the net OPEB liability. The June 30, 2018 valuation reflected the following change in total OPEB liability:

**NOTE 14 – OPERATING LEASE**

In April of 2016, the Penn Hills School District entered into an operating lease agreement with Hewlett-Packard Financial Services for teacher laptops. The terms of the lease agreement call for quarterly payments of \$6,586.26 over a period of 36 months. During the 2017-2018 fiscal year, the School District's lease expense on this equipment totaled \$26,345.92.

**NOTE 15 - RISK MANAGEMENT**

**GENERAL INSURANCE**

The Penn Hills School District is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims for these risks have not exceeded commercial insurance coverage for the past three years.

**HEALTH INSURANCE**

The Penn Hills School District is one of forty-seven members of the Allegheny County Schools Health Insurance Consortium (Consortium) which purchases health benefits on behalf of participating public school districts. The school district is billed monthly based on employee count and coverage information at rates established by the Consortium at the beginning of each fiscal year. As the Consortium is self-insured, rates are established with the objective of satisfying estimated claims and other costs, as well as maintaining working capital requirements. Contributions by the District, as reported by the Consortium, totaled \$7,056,761 for the year ended June 30, 2018.

Participating school districts are permitted to withdraw from the Consortium under terms specified in the agreement. Withdrawing participants are entitled to or responsible for a proportionate share of the Consortium's net position, as determined on the fiscal year-end date after withdrawal. As of June 30, 2017, the net assets available for benefits of the Consortium were \$47,685,965 of which \$1,504,301 is attributable to the Penn Hills School District.

**NOTE 16 – CONTINGENCIES**

**STATE AND FEDERAL SUBSIDIES**

The Penn Hills School District state and federally funded programs are subject to audit by various governmental agencies. The District is potentially liable for any expenditure disallowed by the results of these audits. In May of 2016, the Commonwealth of Pennsylvania Department of the Auditor General issued the results of its 'Performance Audit' of the Penn Hills School District covering the period July 1, 2012 through June 30, 2015. The performance audit highlighted eight (8) findings in total addressing the areas of District finance and the District's compliance with applicable laws and regulations. The School District responded to each of these findings with a correction action plan either implementing or in the process of implementing policies and procedures to address each of the findings.

**SALE OF TAX CLAIMS**

The Penn Hills School District sold its outstanding delinquent real estate tax claims for the tax years 2014-2018 to the Northwest Pennsylvania Incubator Association (NPIA). NPIA borrowed the necessary funds from Firsttrust Savings Bank. Section 3.02 of the agreement of sale between the District and NPIA provides for a mandatory repurchase clause by the District in the event of default by NPIA on its loan obligation to Firsttrust Savings Bank. In the event of default, the District would be responsible for the outstanding balance due Firsttrust Savings Bank by NPIA. On June 27, 2016, the Penn Hills School District approved a resolution to sell its 2019 tax claims in addition to the 2018 tax claims sold during the current fiscal year.

**NOTE 16 – CONTINGENCIES**

**LEGAL MATTERS**

The Penn Hills School District, in the normal course of operations, is party to various legal matters normally associated with school districts such as real estate tax assessment appeals, personnel wage and benefits, and other legal matters. A grand jury report was released by the Allegheny County District Attorney's Office on February 5, 2019 with regard to the operations of the Penn Hills School District. The report reiterated concerns as expressed in the aforementioned Commonwealth of Pennsylvania Department of the Auditor General 'Performance Audit' in May of 2016 and provided a series of recommendations. The ultimate disposition of the matters as addressed in the Grand Jury Report are still in process and it is not feasible as of the date of this report to determine the extent of any adverse sanctions or other matters that may affect the financial position of the School District.

**NOTE 17 - FINANCIAL RECOVERY STATUS**

On June 5, 2017, the Penn Hills School District was notified by PDE that the School District was designated in 'Financial Watch Status' pursuant to Section 611-A of the Public School Code of 1949. Pursuant to Act 141 of 2012, the Pennsylvania Department of Education (PDE) was required to develop and implement an 'Early Warning System' in order to identify and offer technical assistance to school districts experiencing financial difficulties. The Early Warning System identifies a number of indicators of financial difficulty that PDE evaluates to determine whether a school district should be designated in financial watch status. Pursuant to the Early Warning System, PDE conducts an initial analysis of the financial results of the school district. PDE conducted this analysis of the Penn Hills School District and determined the factors existed to support the School District's initial designation in 'Financial Watch Status'. Some, but not all of the factors supporting the School District's designation include a negative fund balance, a requested and received advance of \$2,000,000 in basic subsidy funding (March 30, 2017), issuance of unfunded debt in 2015, and the results of the Auditor General's Performance Audit (see Note 16).

On January 16, 2019, based on updated financial information reviewed by PDE, the Penn Hills School District was declared by PDE to be in 'Financial Recovery Status' as defined in Section 621-A of the Public School Code, and Section 18.5 of the Pennsylvania Code, 24 P.S., and is subject to the provisions of Article VI-A that apply to Moderate Financial Recovery School Districts as defined in Section 651-A, 24 P.S. A recovery officer was appointed the first week in February 2019 and has been preparing a financial recovery plan to be voted on by the Board on April 29, 2019.

**NOTE 18 – RESTATEMENT OF NET POSITION**

For the fiscal year ended June 30, 2018 the District implemented GASB 75, *Accounting and Financial Reporting for Postemployment Benefits other Than Pensions*. The implementation of Statement No. 75 resulted in the reporting of a deferred post-employment outflow of resources, post-employment liability and deferred post-employment inflow of resources related to the District's other post-employment benefit plans.

**NOTE 19 – PRIOR PERIOD ADJUSTMENT**

The prior period adjustment of \$17,083,585 to the July 1, 2017 net position of the District (Exhibit B) represents the effects on the District's net capital assets resulting from updated information contained in the District's most recent fixed asset appraisal conducted for the 2017-2018 fiscal year.

**NOTE 20 – SUBSEQUENT EVENTS**

The Penn Hills School District evaluated its June 30, 2018 financial statements for subsequent events through the March 22, 2019 date of the 'Independent Auditor's Report, which is the date the financial statements were available to be issued. Other than the results of the Allegheny County Grand Jury Report (Note 16), management has determined that there are no events subsequent to June 30, 2018 through the date of the financial statements that require additional disclosure.

***INFORMATION  
AS REQUIRED BY  
GOVERNMENT AUDITING STANDARDS  
AND UNIFORM GUIDANCE***

**Mark C. Turnley**

---

Certified Public Accountant

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**To the Management and Board of Education  
Penn Hills School District**

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standard* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Penn Hills School District, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Penn Hills School District's basic financial statements, and have issued my report thereon dated March 22, 2019.

**Internal Control over Financial Reporting**

In planning and performing my audit of the financial statements, I considered Penn Hills School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Penn Hills School District's internal control. Accordingly, I do not express an opinion on the effectiveness of Penn Hills School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Penn Hills School District's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. I did identify deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that I consider to be significant deficiencies (2018-001).

**To the Board of Education  
Penn Hills School District**

**Compliance and Other Matters**

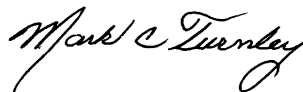

As part of obtaining reasonable assurance about whether Penn Hills School District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Penn Hills School District's Response to Findings**

Penn Hills School District's responses to the findings identified in my audit are described in the accompanying schedule of findings and questioned costs. Penn Hills School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on it.

**Purpose of this Report**

This purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Penn Hills School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Penn Hills School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON  
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

**To the Board of Education  
Penn Hills School District**

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM**

I have audited the Penn Hills School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Penn Hills School District's major federal programs for the year ended June 30, 2018. The Penn Hills School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**Auditor's Responsibility**

My responsibility is to express an opinion on compliance for each of the Penn Hills School District's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Penn Hills School District's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination on the Penn Hills School District's compliance.

**Opinion on Each Major Federal Program**

In my opinion, Penn Hills School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

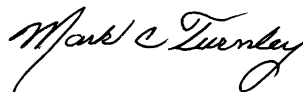

## **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

Management of Penn Hills School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Penn Hills School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing my opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Penn Hills School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**JUNE 30, 2018**

**NOTE 1 – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the 'Schedule') includes the federal grant activity administered by the Penn Hills School District for the year ended June 30, 2018. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Grant Guidance – UGG)*. Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position or changes in net position of the Penn Hills School District.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF ACCOUNTING**

Expenditures reported on the Schedule are presented using the accrual method of accounting. Under this method, grant revenue is recognized to the extent expenditures are incurred. Expenditures are recognized when the liability for the expenditure is incurred rather than when the disbursement is actually made.

The federal expenditures are recognized, as applicable, under the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or limited to reimbursement.

**NOTE 3 - RELATIONSHIP TO FINANCIAL STATEMENTS**

Federal financial award revenues are included in the financial statements as 'local source' and 'federal source' revenues.

**NOTE 4 – RECEIVABLES AND UNEARNED REVENUE**

Federal grants receivable are included as part of 'due from other governments' in Exhibit A and Exhibit C as referenced in Note 5 to the Financial Statements. Unearned federal grant revenue is included as part of 'unearned revenue' in Exhibit A and Exhibit C, and is referenced in Note 8 to the Financial Statements.

**NOTE 5 - NON-CASH ASSISTANCE**

The Penn Hills School District received donated commodities from the Department of Agriculture in connection with its food service program. The amount of non-cash assistance expended in the accompanying schedule of expenditures of federal awards reflects the fair market value of the commodities used during the 2017-2018 fiscal year.

**NOTE 6 – INDIRECT COST RATE**

The District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

**Section II – Financial Statement Findings**

Findings related to the financial statements which are required to be report in accordance with Government Auditing Standards.

- **FINDING 2018-001: BUDGETING PROCESS**

**CONDITION:** During my preliminary and final review of the District's financial statements, in particular the General Fund actual expenditures compared to the approved budget submitted to the Department of Education, it was noted that there were functional categories of actual expenditures that were significantly over and under budget. Although not all inclusive, two functional areas of note that were over budget were 1) regular program instruction of \$3,684,452, and 2) special program instruction of \$2,371,334. In total, General Fund actual expenditures exceeded the approved budget (as adjusted) by approximately \$5,597,821 (6.6%). A complete listing of the budget versus actual variances is reported on page 7 (Exhibit G), and as other supplementary information on pages 49-53 of the audit report.

**CRITERIA:** Internal controls should be in place during the budget preparation process to ensure that budgetary amounts are reasonable, realistic, and supported by underlying documents, facts, and circumstances that justify the appropriateness of the amounts budgeted.

**CAUSE:** From a review of the detail budgetary line-items included within the category of regular program instruction, it appears that the District did not include all personnel positions when developing the budget for the Board's approval. In addition, other purchased services for costs such as cyber/charter school instruction were not budgeted for conservatively and therefore ended the fiscal year significantly over budget.

**EFFECT:** The District expended funds in excess of the approved appropriated budget for the 2017-2018 fiscal year which contributed to a \$1,082,950 decrease in General Fund balance.

**RECOMMENDATION:** As mentioned in the prior fiscal year, in light of the School District's significant deficit General Fund balance, it is mandatory that the District closely monitor all functional areas of spending so as to minimize the significant individual functional variances as mentioned above. It is noted as part of this recommendation that the District has been designated to a 'Financial Recovery Status' by the Pennsylvania Department of Education (PDE), and that a Technical Advisor and Chief Recovery Officer have been assigned to the District from PDE in order to better manage the budget process. It is further noted that the District's employment of a new Business Manager late in the prior fiscal year, with a thorough understanding of the budget process, will also enable the District to prepare and manage the budget in a prudent manner going forward as a means of protecting the District from further financial losses.

- **FINDING 2018-001: BUDGETING PROCESS**

**CORRECTIVE ACTION PLAN (Continued)**

In accordance with Act 141, Dr. Matsook is leading development of a multi-year Financial Recovery Plan that will be presented to the Penn Hills Board of School Directors and Pennsylvania Department of Education April 2019. That plan will include and commit the District to specific strategies aimed at eliminating our negative fund balance.

**District Officials Responsible for Correction Action Plan:** District Superintendent and District Business Manager

**PENN HILLS SCHOOL DISTRICT**  
**STATUS OF PRIOR AUDIT FINDINGS**  
**FOR THE YEAR ENDING JUNE 30, 2018**

The following represents the current status of the audit findings reported in the audit report of the Penn Hills School District for the year ended June 30, 2017, dated March 21, 2018:

- **FINDING 2017-001: BUDGETING PROCESS**

**CONDITION:** During my preliminary and final review of the District's financial statements, in particular the General Fund actual expenditures compared to the approved budget submitted to the Department of Education, it was noted that there were functional categories of actual expenditures that were significantly over and under budget. Although not all inclusive, two functional areas of note that were over budget were 1) regular program instruction of \$2,794,203, and 2) student transportation services of \$3,036,326. In total, General Fund actual expenditures exceeded the approved budget (as adjusted) by approximately \$5,663,798 (6.9%). A complete listing of the budget versus actual variances is reported on page 7 (Exhibit G), and as other supplementary information on pages 41-46 of the audit report.

**RECOMMENDATION:** In light of the School District's deficit General Fund balance, I would strongly encourage the District to closely monitor all functional areas of spending so as to minimize the significant individual functional variances as mentioned above. I would also recommend that department heads and building principals, in conjunction with business office officials, review any purchase orders which will cause actual expenditures to exceed the detail line-item budgetary amounts as approved by the Board of Education. Any such excesses should be brought to the attention of the District Superintendent and Board of Education with proper justification prior to expenditure of District monies. The District's deficit fund balance mandates that these procedures be followed strictly going forward as a means of protecting the District from further financial losses.

**CURRENT STATUS:** See Finding 2018-001 (Page 66).

- **FINDING 2017-002: FUND ACCOUNT RECONCILIATION**

**CONDITION:** I noted during my audit of the General and Food Service Funds of the School District, that a significant number of journal entry adjustments were necessary during the audit process to ensure that the financial statements were presented as materially correct in conformity with generally accepted accounting principles (GAAP). A number of balance sheet, and revenue and expenditure accounts had not been properly reconciled throughout the fiscal year to the underlying supporting documentation on hand at the School District. Accordingly, prior to these year-end adjustments, the financial statements did not properly present the financial activity of the School District in conformity with GAAP as required under the Pa. Public School Code.

**RECOMMENDATION:** In light of the School District's current financial position, it is imperative that all balance sheet, revenue and expenditure account balances contained on the books of the District's General and Food Service Funds be reconciled on a monthly basis. This procedure will enable the business office to generate meaningful up-to-date financial information for use by all department heads, but most importantly, for the Superintendent and Board of Education, so that financial management decisions regarding the District's operations can be detected and corrected in a timely manner.

**PENN HILLS SCHOOL DISTRICT**  
**STATUS OF PRIOR AUDIT FINDINGS**  
**FOR THE YEAR ENDING JUNE 30, 2018**

- **FINDING 2017-002: FUND ACCOUNT RECONCILIATION (Continued)**

**CURRENT STATUS:** During the last fiscal quarter of the 2017-2018 fiscal year, the School District employed a new Business Manager with the requisite skills necessary to make the above referenced adjustments throughout the fiscal year in order to accurately assess the financial position of the School District on a timely basis going forward. During the 2017-2018 fiscal year, all revenue and expenditure transactions were recorded throughout the year in a timely manner, and the majority of the District's balance sheet accounts were reconciled to the supporting documentation on hand at the District prior to the final audit adjustments.

- **FINDING 2017-003: FEDERAL FINANCIAL REPORTS**

**CONDITION:** During my review of District's compliance with the laws and regulations related to its participation in the Title I and Title II grant programs, I noted that the School District did not complete and submit the required 'final expenditure report' (FER) for these grant programs for three prior fiscal years as listed on the Pennsylvania Department of Education (PDE) website.

**RECOMMENDATION:** I recommend that the District file the required Title I and Title II 'final expenditure reports' for the fiscal years in question, based on available financial information obtained from the District's business office, in order to comply with PDE reporting requirements for the Title I and Title II Programs, and to avoid any sanctions from PDE as a result of not filing these reports in a timely manner.

**CURRENT STATUS:** During the last fiscal quarter of the 2017-2018 fiscal year, the School District employed a new Business Manager with the requisite skills necessary to oversee, reconcile, and prepare all required financial reports related to PDE federal grant programs in a timely manner. The Business Manager is continuing to make improvements to the District's system of coding federal expenditures in a manner that will significantly enhance the efficiency of gathering federal financial report information from the District's accounting software system.
